

## School Closure Meal Request

Crystal City 47 School District understands that some of our families rely on the availability of school meals for proper nourishment. In order to help with this Crystal City School District will provide “To Go” meals for students beginning Monday, March 23, 2020. A packaged lunch for the day along with breakfast for the following morning will be provided. Meals are provided at no cost. The students must be present and provide their name.

Pick up of lunches will begin at 11:30am and will be available till 12:30pm. Pick up locations will be at the back door of the elementary cafeteria. **Enter the school property from Mississippi Ave, proceed to back of school, after receiving meal(s) continue around back of school to exit.** Stay in your vehicle and one of the staff will bring your meal(s) to you. Walkers will be given meals, but will not be allowed to stay at the school to eat. If you do not have transportation, please contact us at **636-937-2005 ex 2044** first thing in the morning, and arrangements can be made to get meals to you.

We are asking individuals to contact us at the number above to let us know if you will be picking up lunches each day. **You must use the cafeteria extension 2044**, there will be no one in the front office to take phone calls.

On Fridays Helping Hands will be handing out “backpacks” at this location. If you receive Helping Hands, please inform the staff member.

If you have any questions please call us at 636-937-2005 ex 2044, or email [portelll@crysta.k12.mo.us](mailto:portelll@crysta.k12.mo.us)

We also ask that you be patient during this learning curve. We will strive to make this as smooth as possible.

Sincerely,

Laurie Portell  
Food Service Director
