

# Yorkville Cub Scout Pack Visits Kendall County Sheriff's Office

On February 16, 2017, the Yorkville Cub Scout Pack 350 Den 9 Tigers paid a visit to the Kendall County Sheriff's Office Public Safety Center with Assistant Den Leader David Berault. The Cub Scout Pack 350 is part of the Boys Scouts of America. The program prepares young boys (Kindergarten to 5th grades) to make sound choices over their lifetime, to respect others, to learn lifetime skills and to care for our world's natural resources through fun activities which include: service projects, hikes, campouts, outings, and attend pack and den meetings.

The Cub Scouts Pack was trained on bicycle safety and safety gear with Deputy Collins. The Den Pack was introduced to K9s Luke and Miko, along with their handlers Deputy Decamp and Deputy Larsen. This is part of the Pack 350 Den 9 training to receive their Rolling Tigers training. Sheriff Dwight Baird spoke about his position as a Sheriff and what Sheriffs are elected to do.

David Berault said, "I truly believed that having Law Enforcement and Scouts work together and interact will encourage them to grow into more responsible and helpful adults. I am very hopeful that we can do some more events in the future, and I will make sure that the Den 9 and the whole of its parent Pack 350 are at your disposal."
