

Camp 2 Campus Learning Solutions

Innovative. Interactive. Effective.

Camp 2 Campus Learning Solutions brings the love of camp and teaching together. Valuable training sessions bring a new level of excellence to your group.

Creative methods are used to present important training topics. Information that you want to have remembered is taught through carefully chosen activities that positively impact the learning experience.

Learners are engaged and motivated by experiential teaching methods. Learning potential is maximized through the use of brain-based teaching strategies.

ABOUT KIM AYCOCK, MST

Kim blends the skills of a master teacher with a seasoned camp expert. She is equally comfortable teaching in a classroom or outdoor setting, training camp staff to work with kids, or presenting at national/regional conferences.

Kim teaches with sensitivity, creativity, and enthusiasm and has the ability to connect with and engage learners of all ages. She is one of the elite professionals in the field!

Kim is a regular contributor to the American Camp Association's Camping Magazine and webinar trainings.
