- Custom Designed & Manufactured
- Arrives Ready for Immediate Installation
- No Field Pours for Many Installations

### Additional Benefits

- Lower Cost
- Superior Quality
- Expedited Installation
- All Custom Patented Designs
- Seismic Designs Available
- On-Grade or Elevated 20+ Ft
- Reduced Field Labor
- Foundation & Platform in 1
- For Shelters - 1 Crane, 1 hour Install
- North American Availability

The Kenner Chain Wall®, by Forterra, provides a structurally sound, on-grade or elevated foundation to support your prefabricated structures. This patented product expedites installation and can avoid potential time delays due to weather, quality control issues in the field and additional costs associated with cast-in-place or galvanized steel platform alternatives.
