During the 2015-2016 school year, Hampton did away with funding of a single AP test per student.

FY 2015 – 2016

1 – 6016 **Testing and Monitoring Supplies:** The decrease in this line item is primarily due to the elimination of funding for Advanced Placement (AP) tests.

2015-2016 Hampton School Board Operating Budget

In 2015-2016, Bethel High School saw a 33% decrease in the number of students taking AP tests than in 2013-2014. Hampton High School recorded a 82% decrease, Kecoughtan High School a 54% decrease, and Phoebus High School an 80% decrease during that same time.

Which schools were impacted the heaviest...those in poorest districts! Go figure!
