

# **Since You've Gone Away**

**Since you've gone away  
I've been sad every day  
Don't want to be alone  
I know it's pretty naïve  
But in my heart I believe  
I'll make it on my own**

**I still think about our last kiss  
I still read your shopping lists  
What's so good about goodbyes?  
Bye bye bye**

**Since you've gone away  
I've been sad every day  
Don't want to be alone  
I know it's pretty naïve  
But in my heart I believe  
I'll make it on my own**

**Both feet firmly on the ground  
This old world keeps spinning round  
Don't you ever wonder why?  
Why why why**

**This life is such a groove  
I've got nothing to prove  
Don't you know that I hate goodbyes  
Bye bye bye**

**Since you've gone away  
I've been sad every day  
Don't want to be alone**
