**To:** All Chapter #2023 Members  
**Subject:** Update to Chapter Events & Activities

We will be starting our normal Chapter activities back up in small steps, while still complying with all governmental rules and restrictions.

First, we want to bring back Chapter Rides, whether a lunch ride, or a distance ride. In my recent meeting with the NOHD management staff they stated that the dealership was not ready for us to hold our chapter meetings at the dealership, but they will endorse us meeting in the dealership parking lot as the gathering / starting point for Chapter Rides. Therefore, we will undoubtedly meet there to start rides, practicing social distancing. We can do lunch rides, as long as we communicate with the restaurants first, as long as they can practice distancing, and can accommodate us. HOG Corporate will cover us on events as long as we follow all governmental rules and restrictions.

I was requested to call NOHD in early June to check on status changes.

Chapter management staff is now planning some future rides. The dates, times, destination and ride routes we will take will be sent to you in future emails. Information on these rides will be posted on our website as soon as possible.

Thank you and be safe,

***Vinny V***
