Newcastle	Tecumseh	Skiatook	Sallisaw		
Weatherford	Tuttle	Wagoner	Stillwell		

4A-3 & 4A-4 Rationale

*Skiatook is a natural fit coming down from 5A into district 3.

*We lose Central from 4A-4 so it made sense to send a school from district 3 to district 4.

*We could have sent Ada to district 4 but felt the total mileage they would have logged is significantly higher than sending a district 3 school farther south.

*McLain was our choice to send to district 4 to stay balanced.

4A-1 & 4A-2 Rationale

*With Ada coming west into district 2, we felt to balance the powers we would need to send a team further west into district 1.

*We chose Bethany, being one of the farthest western					
schools in that district to would be a good fit geographically					
and competitively.					
*John Marshall and Classen would then slide into					
district 2.
