**Job Title: Journeyman Electrician**

**Location: Drummond, OK**

## ***Scope of Work:***

Work will consist of the installation, troubleshooting, alterations, additions, and/or repairs of electrical systems and equipment.

## ***Responsibilities:***

Perform all electrical tasks with general supervision, possess Journeyman license, has the ability to read blueprints and schematics, terminate cable, install and troubleshoot control wiring from a drawing, and is able to demonstrate experience factors exceeding an electrical apprentice. Specific responsibilities include:

1. Install all types of conduit, including GRC, IMC, EMT, Stainless Steel, and PVC Coated Conduit.
2. Install other types of raceway and cable tray systems.
3. Install switchgear and panel boards.
4. Install conductors in raceway systems.
5. Troubleshoot motors and control systems.
6. Understand electrical theory and requirements of the National Electrical Code.
7. Understand safety requirements of NFPA 70E, including the ability to recognize and avoid electrical hazards, as well as the ability to select and use the proper electrical PPE.
8. Supervise the work of apprentices, and assure that they are following safe work practices.

## ***Requirements:***

1. Current Oklahoma Journeyman's License.
2. Four years of previous electrical experience.
3. High School Graduate, GED, or equivalent.
4. Valid Driver's License (required to operate ICO vehicles).

## ***Working Conditions:***

1. Working locations are both indoors and outdoors. Outdoor locations may be subject to all weather conditions. Indoor locations may be subject to heat or cold.
2. Restroom facilities will always be available, but may consist of portable facilities.
3. Work from all types of ladders.
4. Perform work at various heights from ladders, scaffolds, aerial lifts, platforms, or other areas. ICO will
