

Seeds 4 Success announces the opening of their office at the Eastport Shopping Center, Unit 921-B. This great space, located next to Adam's Rib, was made possible thanks to the generosity of the shopping center management, ECA and other Seeds donors. A special shout out to ECA member Gary Schwerzler and Pete Miller of the Fourth Street Design Studio, and to Babe Feldman who guided us through the process. Huge thanks also go to numerous community worker bees whose talents have created a joyous space for our staff, children and families.

Seeds programs will continue at the Eastport Community Center. The new office is within walking distance for Seeds' youth and their families to visit anytime. It also provides meeting space for Seeds volunteers and other activities that support the organization's mission of working together as a community to provide children from low income communities with the skills and support to achieve success in school and life.

Seeds 4 Success' Board of Directors thanks ECA for their continued support. If it weren't for ECA's initial \$500, ten years ago -- plus ECA's grant program, Seeds would not be celebrating this giant step forward!

Members of our community are invited to visit the new office, but please call first (410-533-3847) as staff may be out in the community delivering programming. Read about Seeds 4 Success and the work they have been doing for over 10 years at www.s4sannapolis.org
