

TIRES & RIMS

CONQUER-All™

This wheel acid is a heavy duty acid based cleaner that chemically cleans. It is formulated specifically for chrome and wired wheels. Removes road tar, brake dust, rust and stubborn grime. Not for use on aluminum, magnesium, plastic or painted surfaces.

GLADIATOR BREAKER™

A powerful non acid wheel cleaner, engineered to remove dirt and baked on brake dust from wheels with aluminum and alloy wheel coatings.

NON-SILICONE DRESSING™

A ready to use, all purpose dressing designed for use on rubber, vinyl & plastic. Leaves a high gloss shine. Contains no silicones. Body shop safe and Eco-Friendly.

BLACK-TIE TIRE SHINE™

High gloss VOC Compliant tire dressing. A multi-purpose solvent based silicone dressing for rubber and vinyl. For exterior use. Comprises the latest VOC Compliant dressings which include the best silicones available today.

FINISHING TOUCH™

An interior and exterior non greasy dressing for use on all trims. Good for engine compartments as well. Helps prevent drying, cracking, fading and hardening of surfaces.

BLUE JAM TIRE DRESSING™

Is a water based tire dressing that provides the longest lasting high gloss, wet look on the market. It's Eco-friendly formulation, is gentle on the environment as well.
