Sheldon's Story

Meet Sheldon!

Before coming to CARC Sheldon had not earned a paycheck. Sheldon now lives, works, and is very social through the various programs at CARC.

Sheldon greets everyone with his contagious smile, and he always says, "I'm doin' good!"

Sheldon is thrilled to be a part of the Work Services program where he is given an opportunity to build relationships and earn a paycheck through affirmative employment.

This summer Sheldon was able to take vacation from his work, in the janitorial and horticulture department, to attend a camp in the Sacramento Mountains with two friends. He is still smiling from that experience.

Local community support is the reason Sheldon has a great and stimulating life today!

Business contracts with CARC help support exciting and rewarding lives for individuals by providing employment opportunities that meet the needs of each individual.
