

Eyelash Extensions

We have tiered pricing for our lash services. Our Associate Lash Artists have been doing lashes for less than one year. They are trained by our Master Stylist, and have demonstrated the ability to apply lashes safely. As they learn new skills, they are added to their service list. Our Master Stylist has been Advanced Certified by several different companies, including Russian Volume Certification with Loreta Jasilonyte, founder of Flawless Lashes and international industry judge.

We do Classic and Volume Lashes here. Classic lashes means one lash extension is attached to one natural lash, adding some thickness and length. Volume Lashes start at 2D (2 extensions to one natural lash) doubling your lash volume, 3D, and go up to Mega Volume, which is 4-6D.

All lash styles are customized to each clients eye and natural lash condition. We believe in taking care of the natural lash.

Our unique waterless pedicures are 100% sanitary compared to jetted tubs that cannot be sanitized properly. We save our planet, one pedicure at a time by not using 12-15 gallons of water per pedicure for a 5 minute soak. Instead, we wrap your feet and legs with steam towels and recline you in our Human Touch Zero Gravity chair. You enjoy a body massage that you control with the remote while you are pampered during your pedicure.
