

HOME MAINTENANCE & CARE PLAN

WASHING

Brush out extensions with a Wet Brush before getting into the shower. This helps prevent tangles and matting.

Use Pureology sulfate free shampoo and conditioner to prolong your hair color and the extension color as well. Shampoo gently between the rows, no need for vigorous scrubbing.

Use Pureology 21 Benefits Color Fanatic leave-in spray right after you shower and before you brush out your hair with the Wet Brush (again).

When brushing wet hair, start from your end and work your way up to the scalp. Hold the hair in one hand (pinched in a ponytail) and brush down.

STYLING

Apply GK Smoothing Serum to extensions. Rough dry your hair 80% of the way (meaning no tugging at the extensions with a round brush or comb, just use your hand/fingers). This applies to blow dry services in any salon as well. Make sure to communicate to whoever is styling your hair to NOT round brush your hair from start to finish.

You can use a round brush and a small amount of tensions to smooth your hair and the extensions hair, the last few minutes of your blow dry.

If curling your extensions, run the extension hair through the curling iron to smooth the hair once or twice, before placing curls. This will give your extensions a more polished look, close the cuticle, and prolong the extensions hair.

Feel free to use a heat protectant each time you style with heat.

SLEEPING

Brush the extension hair out, then place in a loose ponytail or braid.

REQUIRED HAIRCARE

- Pureology Sulfate Free Shampoo & Conditioner
- Pureology 21 Benefits Color Fanatic Leave-In Spray
- GK Smoothing Serum

OTHER

- After a few washes, the extension hair will expand, and take on a more realistic hair texture
- If you notice any excess tangling or hair shedding, please contact your stylist, as these are quick fixes when addressed right away
- You can live a normal active lifestyle with NBR, just treat the extensions with some gentleness to keep them looking their best, the longest
- NEVER let sunscreen or suntan oil touch the extension hair. They will turn peach.
- We hope you love your new NBR extensions as much as we do! Please feel free to text the salon phone (815)719-9151 if you have any questions regarding NBR.
