

PRODUCT DATA SHEETS

SAFETY –HAND SANITIZER

DESCRIPTION

The regular use of the product between hand washings will reduce the hand washing frequency, help maintain the natural protective barrier by keeping the skin intact and free from chapping and cracking, and reduces the drying caused by frequent contact with water and towels.

It can be used anywhere without water or towels.

FEATURES

- **NON-IRRITATING**
- **COST EFFECTIVE**
- **PLEASANT FRAGRANCE**

USE AND DIRECTIONS

1. Use and amount sufficient to thoroughly cover hands.
2. Let dry. Use no water or towels
3. Should be used as a supplement to washing hands when soap and water are not convenient or available.

NOTE: This product does not remove soil or grease from the hands. Therefore, users should continue to wash hands with soap and water at beginning of work and on regular basis, prior to invasive procedures, when their hands are visibly soiled, after 10-15 uses.
