Public Notification

Action on Minutes of Previous Meeting(s)

- April 9, 2015 Regular Meeting

Public Presentation

Public Comments (individuals requesting to be on agenda)

Correspondence/Communications (information to note and or act upon)

Information to Note:

1. Receipt of PMAA's Authority publication for April 2015.

Information to Act Upon:

1. Receipt of invoice dated April 24, 2015 from Buckley, Brion, McGuire & Morris with regard to the Pulte litigation.
2. Receipt of correspondence dated April 14, 2015 from Gene and Linda Shellenberger, 267 Monacy Road, requesting refund of sewer payments from May 2013 through April 2014 based on Authority's delay in installing water meters after announcement of same in January 2013.
3. Receipt of email communication dated April 18, 2015 from Joe Obernier and reply dated April 20, 2015 with regarding sewer billings for the property at 59 Andover (Davis). Request by Joe Obernier to revise bills based on actual usage figures (use average) for the two quarters in question.

4. Receipt of correspondence dated May 7, 2015 from Kim Harris, property owner of 160 Netherwood Drive, submitting a proposal in compromise with regard to the back billing for sewer to May 2009.
5. Receipt of invoice dated May 12, 2015 from Modern Group to replace heater hose that was leaking; discovered during visit to Beaver Creek Pump Station by Operator. Repair can coincide with annual maintenance but need part ordered first.
6. Receipt of Proposal dated May 14, 2015 from Brent Hershey with regard to the installation of extension required in order to hook up 40 Graces Drive. Per previous agreements, MA to supply pipe (6" SDR35 and 24" manhole frame with lid. This Proposal, if accepted by MA and Clark Estate, causes elimination of Item 2 under Old Business.

Reports

1. Secretary
2. Treasurer – bank accounts
3. Administrator
4. Engineer
5. Operator

Old Business

1. Refunding of the 2009 Bonds. Anita spoke with Chris Bamber regarding refunding opportunities through local banks. PFM requested copies of audited financial statements and 2015 budget which were forwarded. Looking into local banks has questioned our financial status and Chris has inquired when we will be getting our audited 2014 financial statements.
2. 40 Graces Drive sewer hook-up project/proposed Extender Agreement. The easement necessary to install the sewer line runs through a neighboring property, Michael McGinley at 28 Connies Drive; shown on a MacCombie Plan of Proposed Sanitary Sewer Extension dated April 7, 2014 and contained in the 28 Connies Drive Deed. **Need to know if we have "Rates, Rules & Regulations" or another type of similar document (not sewer construction specifications).**
3. The Authority is establishing its own website. John is assisting Anita with this effort.
4. Determination of worth for used equipment at Kimberwick site – Joe B assessed inventory of equipment at site and feels that we should place a few items, stainless steel mixes and aerators, on MuniBid and retain the manhole frames and covers for potential future use. He also discovered the gate open and an opening in the tank cover. **Both items need to be corrected immediately.**
5. In addition to the used equipment at the Kimberwick site, there is also equipment stored in the fire training building. Anita received key to access the building today.
6. WBTMA and WBT v Pulte Homes of PA, LP – pending litigation. Trial currently schedule for end of July; settlement offer provided to Pulte with no response to date.
7. Netherwood Drive properties tied into public sewer. Anita will take another trip to the development and try to determine definite hook ups and whether they are being billed.
8. Frank Keegan's grading issues (Culbertson Run Road) – to be taken care of in spring 2015. Anita spoke with Scott Sandone this morning and he's available May 20 and May 21 around 4:00pm. Coordinating meeting with Mr. Keegan, Scott Sandone and someone who knows the details of the installation and problems.

9. Infiltration on East Reeceville Road – filling of a single pipe, connected to manhole sub-structure. Manhole inserts were priced out at \$46 per 26” manhole and \$57 per 32” manhole. Rep at Parson Environmental was asking additional questions; will need assistance in providing answers.
10. PAWC repayment of outstanding balance – payment made of \$60,115.25 (current usage only) on May 6, 2015. We need to pay the balance of \$21,820.25 as quickly as possible so we get back on track with the normal cycle of bills.
11. Brandywine Hospital - can we bill based on total EDUs, regardless of whether all are being utilized vs. our current practice of billing based on actual usage. Anita is searching for original documentation and once located, will consult with John Good regarding our options.
12. A combined question from Paul Gainor and John Cassels was asked with regard to a sink hole in Holly Road. Anita asked Tom Eells in Public Works to put cold patch in hole as an interim fix and is awaiting quotes from several paving companies for a more permanent fix.
13. Brandywine Meadows – awaiting final review by MacCombie of pump station design and planning module. As of April 29th, they were still working on it. Requested update.

New Business

1. Aqua America – freeze break in pipe at Station 46.
2. Inspection of vents/cleanouts of sewer residents. BOS during their road tour of the Township neighborhoods discovered laterals without caps.
 - a. Who is doing the inspection?
 - b. Cost to mail notification is approximately \$250; if we can wait till the second quarter bills go out, we can include a notification of inspections as well as creation of website.
3. 47 Connies Drive – alerted MA that their sewer line was backed up, had Eldredge clear the line and questioned who was responsible. Both renter and owner spoke with Joe Obernier. Awaiting report from Eldredge on their exact findings so MA can determine who is responsible for the problem.
4. 387 Reeceville Road – resident called about being billed based on flat rate instead of on total usage. Meter was installed October 8, 2014 and was flat billed for the 4th quarter of 2014 and the 1st quarter of 2015. Resident has already paid 4th quarter 2014 bill but Anita told her to hold off on 1st quarter 2015 bill. Since it was the fault of the MA, can we revise 1st quarter 2015 billing to reflect actual usage instead of flat rate?

New Business from the Floor

New Business from the Board

Public Comments (individuals not requesting to be on agenda)

Payment of Bills

1. Friendship Village Sewer District- \$92,981.29, and Ratified Payments of \$3,423.82 on 4/21/15.
2. Kimberwick Sewer District- \$158.80, and Ratified Payments of \$441.37 on 4/21/15.

Dates of Upcoming Meetings

1. Board of Supervisors, Thursday, May 21, 2015 and June 4, 2015 at 7:30 p.m.
2. Municipal Authority, Thursday, June 11, 2015 at 7:30 p.m.

Adjournment (time: _____)
