**CH Iroquois-KC Auction Annie**

Annie is the foundation of literally half of the herd today. Annie was purchased at a local Auction in 1995 for \$82.50. She had been a registered finished Champion in her previous American Alpine life. Unfortunately her registration was un-attainable, a story in and of it's self. Annie was one of my all time favorite animals and lives on in my herd through Two of her lovely daughters, 5 grand-daughters and numerous great-grand-daughters. Annie was an embryo donor doe back in 1996. These are the kids that are her legacy. Annie now has Grand-daughters & Great-Grand-daughters in several herds nation wide that are winning championships as well! Angel has many BIS wins — Anna 1 x BIS. Anna would have finished but lost a leg due to a tattoo discrepancy before she died. Charade was 1x BIS and AI Futurity winner. Rumor was crowned 2000 Reserve National Champion! These does are producing lovely up and coming daughters and grand-daughters that have finished Championships and Best Doe In Show Awards in my herd.

ANGEL is not only a well proven doe, but she is my favorite animal in the herd. For years she was nearly undefeated in the show ring. By the time she actually got to her one and only National Show she was placed 2nd at the tender age of 8 years old. (2005)

ANGEL has produced two daughters for me that Linear Appraised at 90 or above. Angel was never able to produce a Registered Buck kid due to the tragic loss of her dam's American Alpine status. I'm certain that her bucks would have made an outstanding contribution to the American Alpine Gene Pool.

*\*\*ANGEL was laid to rest this year at age 14 years young.\*\**

"Angie" is very stylish and correct with a high, wide mammary system. She very much resembles her dam, Angel. Angie is a 75% American Alpine. Her doe kids will be American status. In 2009 Angie quite easily finished her championship her first time out. Trading places with her own 2-yr-old 3/4 sister for the Grand and Res. Grand Awards in the show rings. (Ashes)

Angie made her star on a one-day-test in 2007. Then Stared again on DHIR in 2010.

“Ashes” is very stylish and correct with an incredible fore udder.

Ashes is a 75% American Alpine. Her doe kids will be American status.

“Ashes” is a special blessing in our herd being the last born of Charade who was laid to rest in the spring of 2008. When all of the daughters of Toga were disposed of, Ashes was kept as a companion just for her dam.

Ashes is proving to be an exceptional show doe going Best In Show twice in 2011!

Pictured at age 2 as I was not very good at getting pictures of the does in 2013. Shadow Is really quite nice even tho it looks like her handler is inept. I can say that with a smile because the Handler is me. Even so, she was 1 x GCH and 2 x RGCH in 2013.
