

## **The Green, Belbroughton**

**Many will be aware that as part of the planning application for the housing development adjacent to the Village Green some trees have now been felled.**

**Under the “Tree Works Decision Notice” we are duty bound to consider replacement planting in accordance with terms of the notice.**

**We would now like to start the consultation process with parishioners and ascertain views of the wider community as to future planting schemes and what people want their village green to look like, also taking into account the previous consultation outcomes from 2014.**

**A working group known as the ‘ Village Consultation Group’ will be established to progress the wider consultation process and if you would like to be considered for joining the ‘V.C.G.’ which presently comprises five parish councillors please email**

**Cllr. Sue Pawley [sue@cmcschoolfood.co.uk](mailto:sue@cmcschoolfood.co.uk)**
