- Welcome and props to the best PTO he has ever worked with.
- Copper Ridge opened in 2201 and this is his 4<sup>th</sup> year with Copper Ridge
- Start of new year will be focusing on the CRS Way: Character, Responsibility and Safety
- Teachers have attended several hours of Professional Development addressing the CRS Way
- One new addition to Copper Ridge will be Passport Days-This will address how students model an understanding and model the CRS Way
- AZ is now requiring a full minute of silence each day after pledge and announcements
- Lockdowns: 3 minimum this year. Teachers will only know about the first one. Teachers are asking parents to have the discussion with their children regarding why we do these. Parents will be informed each time we do these.
- Another safety update: all students 2-8<sup>th</sup> grade are required to wear ID's.
- On Campus Police: Not Daily. We have 10 Officers and 30 Schools. They are on a rotation but will try to always have a police vehicle parked at the school.
- Parent: Request for more supervision of MS crosswalk/SLOW DOWN
- Parent: Middle school Recess. Still in works and will depend on student's interest level in going out to basketball court.
- This year, the goal is to have monthly assemblies for elementary students and 4 Pep Rallies for MS
- Parent: Concern with CR reputation with bullying. Eyerman explained that he is aware of this and asks parents to report as soon as they feel this is becoming an issue. Negative interaction/incident is different from bullying. Bullying definition is: seek to harm, intimidate, or coerce someone perceived as vulnerable. Bully's will do this consistently.
- Asking parents to leave reviews on Instagram, Facebook, Twitter and Nishe (new).
