HISTORY

As a group, police and military around the world are among one of the least evangelized professions. We began an outreach to the police and military in Venezuela in 1995. It may have been the first time ever that a group of police officers from the US traveled to another country to give professional training and evangelize the police.

Since then, we have trained over 100,000 police and military officers around the world. Thousands of officers have come to know Christ. We work with local churches to help us do follow up.

You can invest in eternity through this ministry by giving, praying or going with us to minister.

SWAT CHALLENGE

We are recruiting Christian police and military to take 7 to 10 days and join a team of officers from around the US for a short term mission trip. We reach out to the authorities in other countries with the Good News of Jesus Christ.

Your experience and training in police or military work is of great value in helping to train officers in other countries. Your vital relationship with Christ will help to show others the love of God and their need for a personal Savior.

If you are a Christian police officer or military either active, retired or former, and a member of an Christian Church, you can be part of this exciting unique ministry outreach. Please pray about joining one of our S.W.A.T. teams today.

Being a part of one of these trips will change your life as you see God using you to minister to the authorities in other countries. On every trip we have seen officers come to Christ. Will you pray about joining us and being used by God to help preach the Gospel?

If you know of others who might be interested, please pass this information on to them.

Go into all the world and preach the good news to all creation.

-Mark 16:15
