Children are greeted at the program by staff members immediately after school, and attendance is taken. After playing outdoors (weather permitting), a healthy snack is served with a fruit or veggie and all-natural juice or milk each day. Organized indoor and outdoor games and activities, arts and crafts, and special programs encourages the children to express themselves as individuals while acquiring important social skills. Group homework time each day ensures a quiet and encouraging atmosphere for children to complete assignments, and alternate activities are provided for children who do not have homework or whose parents prefer homework to be completed at home. Children may be picked up before and no later than 6:00 pm.

PER DIEM

To ensure appropriate staff-to-student ratios and sufficient snacks and crafts, Kids Club (afternoon) per diem will be limited to four occasions per school year for children enrolled two days per week or more in one or both programs. There are no restrictions on Sunrisers per diem days. The per diem cost is \$31 per day for Sunrisers Club and \$42.25 per day for Kids Club.

HALF-DAY PROGRAMS

Care is available at no additional charge for half-days (e.g., Parent-Teacher Conferences, emergencies).
