

## **Parents' Input Now Irrelevant for Comprehensive School Climate Inventory—January 15, 2016**

As far back as this parent can remember up to last year, parents were asked to participate in the LFHS Comprehensive School Climate Inventory. This year, Superintendent Simeck is dumping parent input and opting only to survey students and staff ([January 11, 2016 School Board Video, part 2](#) [“Superintendent’s Report at 9:40](#)).

Last year’s (2015) [Comprehensive School Climate Inventory](#) showed 59% of LFHS staff gave school leadership a “negative” (25%) or “neutral” (34%) rating for an overall rank of 3.23 on a five point scale. Of the 32 separate categories students, staff and parents rated, only one rating was lower at 3.22-- Student survey results on “social-emotional security” (pp. 11-13).

This year, Simeck has no interest in parent input.
