Designflooring: Take a closer look

We find the inspiration for Designflooring in the beauty of the natural world and feel passionate about bringing this into every product we create. From the intricate grain details in real woods to the timeless tactile qualities of natural stones, we've used the latest technology to bring you floors that are the ultimate in style and give you exceptionally high performance and quality. What's more, we've already chosen the best colours, formats and design components for each of our ranges, meaning it's easy to create the perfect design floor for your home.

Plank variation

Our planks are designed to reflect the variance and random character of natural materials, rather than looking uniform and manufactured.

Wear layer

With a protective wear layer on each individual plank and tile, our floors are designed to withstand the everyday hustle and bustle of home life.

Do you love the authentic, rustic look of traditional crafted wood planks? Or perhaps you prefer the distinctive texture and intricate patterns of quarried stone? Whatever it is you're after, you're sure to find a look that's just right for you in our wide range of stylish, high quality Karndean Designfloors.

The right look for every room

We know that style is personal and every space is different. To help you find the right floor for your home, see what each of our ranges have to offer:

Designflooring: Inspiration

How to create your perfect floor...

We have put together a quick guide to help you design your new floor. Your floor can be as simple or as intricate as you'd like. Follow the steps below to be on your way to creating a floor that's just as unique and individual as you are.

1 Choose a main colour and effect

We have an extensive range of colour tones in our **Inspired by Wood**, **Inspired by Stone** collections.

Inspired by Wood:

Choose from our wide selection of planks, each featuring realistic grain and knot details and textures. We offer a varied range of styles ideal to suit any room in your home.

See **Wood ranges at a glance** on pages 157-159

Inspired by Stone:

Choose from a palette of natural beiges and browns to cool blues and greens. With tiles including marble, slate, terracotta and ceramic effects plus our Michelangelo range of mosaics, pebbles and metallics.

See **Stone ranges at a glance** on pages 161-163

We offer a wide range of plank and tile sizes. To find out available sizes for your chosen product, please see the individual product pages.

2 Add a design strip

Once you have chosen your main floor colour, you have the option of adding a decorative strip...

Inspired by Wood:

Add a strip between wood planks to create an attractive ship's decking effect.

Inspired by Stone:

We highly recommend adding a narrow strip to a tile floor to create a natural grouting effect.

Design Strips

Available in three widths: 3mm, 5mm and 10mm. A wide palette of colours. See pages 114

Grout Strips

Available in two widths: 3mm and 5mm. Six colours. See page 115

Define your space and get creative with strips

3 Add a border

To personalise your floor even further or to help define your space, why not add a border?

Keyline Borders

Use single strips to define a space. See pages 114-116

Tramline Borders

Use a combination of strips to create more emphasis. See pages 114-116

Decorative Borders

Choose from a range of patterned borders designed specifically to complement your chosen floor. See pages 119-120

4 Add a feature

With eight standard designs to choose from and the ability to design your own, a feature creates a focal point in your room. See pages 122-123

Art Select

Art Select Woods

Full of charm and character, our premium Art Select Wood collection brings the natural beauty of real timber to life in your home.

Through meticulous attention to detail and careful selection of some of the most beautiful and inspiring natural timbers, our Art Select Wood collection includes our most intricate designs and realistic embosses. Each plank is handcrafted to reflect the unique grains, knots and textures of natural wood, but unlike real wood, we're able to design a floor that's not only beautiful and realistic, but is also practical.

Everything that a beautiful wood floor should be, and so much more, each of our Art Select Woods tells its own story.

Karndean
LooseLay

What makes Karndean LooseLay special?

Karndean LooseLay is a new format of luxury vinyl flooring featuring a K-Wave grip backing that holds the product in place.

Boasting the realistic designs and grain details customers expect from Karndean, LooseLay is available in large scale wood look planks and stone look tiles and can help you create a look that works in almost any space. What's more, it's easy to install and can be laid over most existing hard floors. Oh, and it's 100% recyclable!

All the benefits of Karndean with the added benefits of...

Quick and easy to install

All you need is a sound, smooth, dry and dust free subfloor. Karndean LooseLay can be fitted over most existing hard floors*.

Individually replaceable

Should you need to replace a piece, simply lift the damaged plank or tile and replace with a new one.

Comfortable underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring. Additional cushioning in the backing helps make the product more comfortable underfoot.

Acoustic qualities

Karndean LooseLay is perfect for projects where you want to reduce noise levels in the room below, such as playrooms, bedrooms and garage/loft conversions without the need for underlay.

Introducing...

Karndean LooseLay Longboard

LooseLay Longboard is a collection of 12 woods featuring authentic designs in a 1.5m extra-long format.

Karndean's innovative LooseLay offers the intricate detail and durability you would come to expect from any Karndean product. Its friction grip backing system secures the floor firmly in place, ensuring installation is quick and easy.

With acoustic properties and excellent environmental credentials, LooseLay Longboard is the perfect choice for a variety of installations.

*Adhesive may be required for some applications, please refer to installation instructions.

 **PALIO CLIC**
by **Karndean**

Why Palio Clic?

Palio Clic by Karndean is a new type of luxury vinyl flooring with a patented click-locking system. Designed for quick and easy installation, with Palio Clic you can achieve an authentic and luxurious feel in your space in no time at all.

With eight intricate wood and four classic stone designs, each plank and tile boasts realistic textures and grain details with a hard-wearing and easy to clean wear layer.

The eight wood look planks are available in a popular large plank format while the four stone designs are available as a contemporary, rectangular tile format.

Click-locking system

Simply click your planks or tiles into place with our patented locking system.

Quick and easy to install

All you need is a sound, smooth, dry and dust free subfloor to start laying immediately. You can find an easy to follow installation guide on our website.

No need for adhesive

Our patented locking system means there's no need for adhesive and minimal preparation time is required.

Realistic appearance

The authentic designs and structured surfaces of each plank and tile imitate nature to perfection.

Suitable for renovation

At just 4.5mm thick, it is ideal for laying over most existing hard floor coverings.

Durable

With a 0.4mm wear layer Palio Clic is very hard wearing and ideal for use in the home and public areas with light to medium traffic.

Easy to clean

Mop up spills as soon as possible, using a pH neutral cleaner, to reduce the risk of staining.

Warm underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring.

Compatible with underfloor heating

Compatible with underfloor heating up to 27°C.

Cleaning and maintaining your Karndean floor

Karndean Designflooring is hardwearing and easy to look after. Our enhanced surface treatment helps protect against everyday wear, spills and scuffs. This makes it easier and more environmentally friendly to clean and maintain, giving you peace of mind that your Karndean floor will look great for years to come.

We have a dedicated section on the website with videos which explain how best to look after your Karndean floor and covers lots of frequently asked questions from our customers.

We also have our own Floor Care Kits that you can order from your local retailers including everything you need for a simple cleaning routine.

Inside your Floor Care Kit

Regular cleaning with a pH neutral cleaner such as Karndean Clean will help keep your floor at its best.

After time you may want to treat your floor to some extra care. We recommend every six to twelve months, depending on wear, that you strip and refresh your floor using Karndean Remove and Karndean Refresh, to further enhance its look and durability.

- 1 Karndean Clean 750ml
- 2 Karndean Remove 750ml
- 3 Karndean Refresh 750ml
- 4 Floor Protector Pack
- 5 Refresh Pad (soft/white)
- 6 Remove Pad (coarse/white)
- 7 Applicator
- 8 Floor Care Guide

Things to think about...

Our expert staff are here to help you design your floor. Pop in to see your local retailer or visit our showroom in Evesham where you can see over 500m² of Karndean Designflooring!

Helpful hints and tips to help you choose your Karndean floor.

1. Which room in your home do you need flooring for?
2. What style suits your home - classic, contemporary, traditional?
3. Choose your effect - Wood or Stone?
4. What colours will suit your space?
Circle the ones you like on the 'at a glance' pages 157-165. Use pictures, cuttings or swatches of colours and designs you like to help you choose.
5. Have you thought about finishing touches?
For decorative borders, strips or features, see pages 114-123.

Useful notes

Draw a sketch of the shape of your room with rough measurements to take to your retailer. They will visit your home as part of the service, to take accurate measurements and give expert advice.

Visit us online at www.karndean.com
where you can:

Find your nearest recommended retailer

Use our online search facility to find your nearest **Karndean Designflooring** recommended retailer. Leave your details for a retailer to contact you for a free measure and quote.

Order samples

If you need some extra help selecting the best colour for your room, why not order some samples? Chip sized and full sized samples are available online to help you pick which product is right for you.

Try our Floorstyle tool

We have developed a great tool which allows you to pick a room and see what different floors will look like. It's really easy to use and will allow you to create your perfect Designflooring combination.

Colour & Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order.

All of our products are inspired by things we have seen in the natural world and just like variation in colour and detail is part of the beauty of nature, it is also a feature of some of our designs. This means that with some of our products you will see natural variation when your floor is laid. If in doubt, ask your retailer to show you a larger sample of the product.

We love developing new ideas and improving our existing designs. Part of our policy of continuous improvement means that we may add, change or withdraw products from our ranges. We hate to disappoint and will always try to work with you to find an alternative design that you love so much.

Karndean Designflooring owns all their designs and are protected by copyright.
