

Chippewa Falls Main Street is seeking your support as we set our sights on 2018 beautification of downtown Chippewa Falls.

Chippewa Falls Main Street takes great pride in organizing and hosting popular events as well as downtown beautification. We set the stage for showcasing downtown Chippewa Falls and our flowers are a huge part of who Chippewa Falls is.

We can't do it alone. Your partnership and support is the reason for our success! As we look back on 2017, we celebrate our beautiful flower displays at each corner of Bridge Street along with our brightly colored bicycles. We are planning on getting the bicycles out again this year and even adding a few more in some new fun locations!

2018 is shaping up to be a fast-paced year with lots of downtown activities and events. It is an exciting time in downtown Chippewa Falls, and we are looking forward to continued success. Your financial support of Chippewa Falls Main Street goes directly to fund flower beautification in our downtown. This includes flowers, containers, daily watering, fertilizing and care from June through October.

We sincerely hope you see the value of our efforts and appreciate your contribution. Together we will continue to make downtown Chippewa Falls a vibrant place for locals and visitors alike!

*Thank you!*
