THE CHIMINEAS RANCH FOUNDATION

The purpose of this foundation is to protect and enhance the ecological assets of the Carrizo Plains Ecological Reserve and to help provide opportunities for wildlife dependant recreation, education, and research activities compatible with conserving the biological integrity of the reserve.

SUPPORTING THE FACILITY, THE WILDLIFE, & THE LAND...

The Chimineas Ranch needs your support. The maintenance of the conservation education facility, support for biological studies, sustaining fragile ecosystems, enhancement of critical habitat, increased access for compatible recreational activities and the preservation of the history and ranching heritage of this great property is dependant upon your donated dollars.

Solar pump for a wildlife water hole funded with donations and installed by volunteers.

State budget dollars have never been sufficient to provide for the full maintenance and enhancement of the facility. On-site care taking, security and the hosting of user groups are all dependant upon support from the Foundation. The Foundation contributes all revenues back to the reserve through annual program funding and the Endowment Fund. Ultimately the Endowment Fund revenues will fund a full time management program for the reserve that will focus on ecological enhancement.

The Foundation also has other opportunities for donor recognition that are linked to major gifts. Please contact the Foundation office in that regard.

The Foundation has no paid staff and board members receive no compensation for their services. 100% of your donation to the Foundation comes back to the Reserve to support the mission of the Foundation.

Become a sustaining member today and insure that the Chimineas Ranch heritage and habitat will be preserved for future generations to come.

MAJOR FOUNDATION PARTNERS

The following groups continue to provide funding, administrative assistance, volunteer hours, in-kind support and commitment to the mission of the Chimineas Ranch Foundation

- THE NATURE CONSERVANCY**
- ROCKY MOUNTAIN ELK FOUNDATION**
- AUDUBON CALIFORNIA**
- CALIFORNIA DEER ASSOCIATION**
- SANTA MARIA VALLEY SPORTSMAN'S ASSOCIATION**
- CALIFORNIA NATIVE PLANT SOCIETY**

Providing wildlife water sources throughout the reserve is one of CRF's major goals in partnership with CDA and other groups.

An IRC 501(c)3 non-profit charitable corporation
Tax ID: 37-1549426 CA Charity: CT0137986
