

The holidays are a time of togetherness, but families with children who have serious illnesses often struggle with isolation in addition to their medical concerns. By giving a gift today, you can help offer them hope and acceptance at The Hole in the Wall Gang Camp. Please join the PHSRA in raising \$5,000 and send kids and their families to Camp where they can forget about their challenges and simply have fun among others who truly understand them.

Thank you for helping the camp provide a different kind of healing to more than 20,000 seriously ill children and family members this year through their year-round programs at Camp and in hospitals and communities across the Northeast – all completely free of charge. Please help spread the word by sharing this message via social media and email.

Below is also a link to the PHSRA Pay it Forward online event page where people can donate online.
