CONTAINS NON-PLANT FOOD INGREDIENTS:

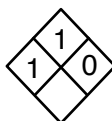

PRINCIPAL FUNCTIONING AGENTS:

Nonylphenol Ethoxylate..... 76.21%

Alkoxylate..... 21.97%

CONSTITUENTS INEFFECTIVE AS A SPRAY

ADJUVANT..... 1.82%

GENERAL INFORMATION

SURF SIDE Pellets are a safe, gentle, and convenient supplement to the time-tested **SURF SIDE** premium liquid soil surfactant. **Pellets** are specifically designed for hand watering or syringing highly maintained turf, annuals, and perennials by using a hose-end pellet applicator. **SURF SIDE Pellets'** safe and eco-friendly chemistry decreases water viscosity and soil water repellency for more uniform penetration into the root profile.

CONDITIONS OF SALE

LIMITATIONS OF LIABILITY AND REMEDIES

The seller is not responsible for varying product performance, injury to applied crops, or damage to other crops, animals, people, or the environment caused by extraordinary weather, unusual precipitation, or failure to follow label directions or good application practices. The seller warrants that this product conforms to the chemical description on the label. The seller makes no other warranties, expressed or implied, concerning the product, including warranties of merchantability or fitness for any purpose. In no event shall any claim for damage or any other recovery of any kind against the seller relating to the handling or use of this product exceed the price of the product that caused the alleged claim. DIRECTIONS FOR USE

Insert **SURF SIDE Pellet** into pellet applicator. Water pressure, water temperature, and other factors can affect the rate that pellets dissolve. To slow the dissolve rate, insert opened plastic container with pellet into the applicator (Note: open end away from water flow will significantly slow the dissolve rate). Treat localized dry spots on turf, sod, seedlings, nursery plants, and flower beds. Apply as needed to relieve plant stress and safely increase water infiltration into the soil. Use a test plot to establish best cultural practice. Use in conjunction with recommended applications of **SURF SIDE** liquid for optimal performance.

KEEP OUT OF REACH OF CHILDREN

CAUTION

MAY BE HARMFUL IF SWALLOWED.

MAY CAUSE IRRITATION. AVOID CONTACT WITH EYES, SKIN, AND CLOTHING. DO NOT APPLY PRODUCT IN A MANNER THAT DIRECTLY, OR THROUGH DRIFT, EXPOSES OTHERS. WASH HANDS IMMEDIATELY AFTER HANDLING PRODUCT. APPLICATORS AND OTHER HANDLERS MUST WEAR GOGGLES, CHEMICAL RESISTANT GLOVES, LONG SLEEVED SHIRT AND LONG PANTS, SHOES AND SOCKS. ALWAYS CONSULT THE MATERIAL SAFETY DATA SHEET FOR SPECIFIC INSTRUCTIONS.
