Trussville Baseball Association is proud to offer a competitive team for 18U. We are currently looking for serious baseball players across the city, county or state. We want players that are willing to train hard, do things the right way and compete with and against the top talent in the same bracket.

Participants will be evaluated on hitting, running, throwing, fielding, pitching or catching. The team will travel locally and throughout the Southeast, playing in tournaments and showcase games to be seen by top college and pro scouts. We are looking forward to offering this type of competitive atmosphere to allow these athletes the opportunity to show their talent.
