

A photograph of a large, octagonal outdoor fire pit with a fire burning inside. The fire pit is made of light-colored stone tiles and sits on a dark grey tiled patio. In the foreground, there are two green mugs filled with white cream and a s'more on a woven tray. The background is a wall of stacked stone.

RH  PETERSON CO.
OUTDOOR CAMPFIRE
COLLECTION CATALOG

The Outdoor Campfyre expanded line offers an array of options to create the perfect backyard campfire. Available options range from beautifully realistic designer logs and branches, lava coals, volcanic stones, or contemporary Fyre Glass and Fyre Gems. Our 70,000-120,000 BTU's outdoor stainless steel burners feature a flame-sensor safety control system with electronic ignition and are available with remote control capabilities on certain models. For use with Natural or Propane gas.

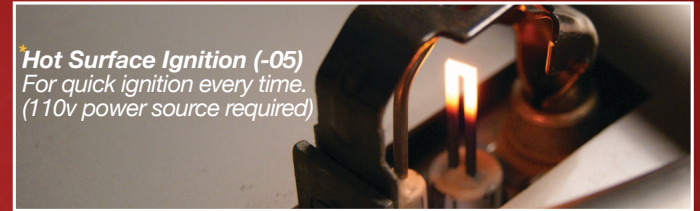

BURNERS

- OCBP-2525** Manual piezo ignition
- OCBP-2525-01** Electronic ignition with remote control (*shown*)
- OCBP-2525-05** 110v Hot surface ignition with remote control*

- OCBP-4418** Manual piezo ignition
- OCBP-4418-01** Electronic ignition with remote control (*shown*)
- OCBP-4418-05** 110v Hot surface ignition with remote control*

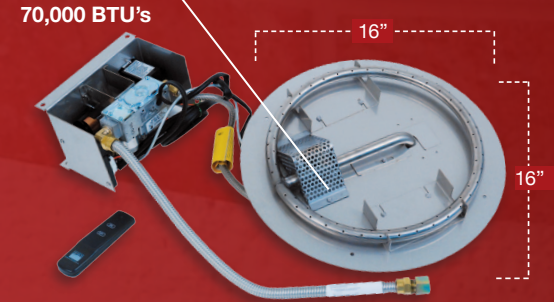

Hot Surface Ignition (-05)
For quick ignition every time.
(110v power source required)

- OCB-24** Natural gas match light w/ manual valve (*shown*)
- OCBP-24** Manual piezo ignition
- OCBP-24-01** Electronic ignition with remote control
- OCBP-24-05** 110v Hot surface ignition with remote control*

- OCBE-44** Manual piezo ignition (*shown*)
- OCBE-44-05** 110v Hot surface ignition with remote control*

- OCB-34** Natural gas match light w/ manual valve
- OCBE-34** Manual piezo ignition
- OCBE-34-01** Electronic ignition with remote control (*shown*)
- OCBE-34-05** 110v Hot surface ignition with remote control*

ALL CAMPFYRE BURNER SYSTEMS INCLUDE LAVA COALS

PREMIUM ACCESSORIES

OCL-34

CAMPFYRE LOGS

This set has the look of a real campfire. Giving you that middle-of-the-woods campfire experience in your own backyard.

OCBW-34

BEACHWOOD LOGS

Made to simulate a bonfire on the beach, this set includes charred branches and volcanic stone.

VS-25

VOLCANIC STONES

Volcanic Stones provide a rocky look and start to glow red after they burn for a while. Great for adding an island fire look to your backyard.

STN-10

RIVER ROCKS

Our River Rocks look and feel smooth as if they were pulled straight from a running brook. Made from the same material as our gas logs, our River Rocks can withstand the high temperatures from the outdoor campfires.
