## GENERAL MEETING – MAY 9<sup>th</sup>

Our meeting was hosted by Wakefield Canada, the Canadian distributor of Castrol branded products and strategic partners of BP Castrol. We had quite a spirited, interesting and educational presentation. Reviewed was the evolution that has occurred over the last 19 years wherein the focus

was on emission reduction and the technology that evolved to meet these requirements. A new oil service category will be issued in 2016; PC-11. This new rating will be centered on fuel economy. The new oil category is focused on carbon emissions, and the by-product of these changes will be fuel economy. Castrol has been a leader in this technology development for the past

20 years with its Hypuron brand of semi-synthetic oil. Castrol has now introduced a low viscosity 10W30 Semi-Synthetic oil called Hypuron Advanced Formulation. Hypuron AF has added friction modifiers to help create the same horsepower with less energy, thus saving fuel. Castrol is well positioned to help its' customers save from 2- 4% in fuel economy. There was a nice Q&A period that demonstrated considerable interest.

At the head table for Wakefield were: J.P. Soucie, Key Account Manager; Ryan Weary, Territory Sales Manager; and Ken Wood, Territory Sales Manager.

Thanks again to Wakefield for a nice and informative evening.

For more information on Wakefield and Castrol, call 519-277-4645 or 800-268-5339.

**50/50 Draw:** Won by Jamie Robbins of J&W Alignment with the house portion going to the ATSSA sponsored MAP apprenticeship scholarship fund.

**NOMINATIONS – EXECUTIVE for 2014/2015****Hello! Hello! Hello out there!!**

*We are looking for new people to join our executive!* Attend a few of our executive meetings to provide input, or just to listen; to assess if you would like to participate in some formal or informal role! If you know of a member who would be beneficial to our organization, put forward his/her name – on the attached form - or just mention to one of our executives listed below!
