and Chiefs of Police**

WYOMING DEPARTMENT OF TRANSPORTATION – Highway Safety Program

ALCOHOL AND CRIME IN WYOMING: 2014

April 2015

The analysis of the data collected by the Wyoming Association of Sheriffs and Chiefs of Police and the printing of this report was made possible through the assistance of Federal 402 Highway Safety funds received from the Wyoming Department of Transportation – Highway Safety Program. The Project was managed by Johnson and Associates of Douglas, Wyoming. The report was authored by Ernest L. Johnson, Director of Services.

INTRODUCTION

The Wyoming Association of Sheriffs and Chiefs of Police has been collecting substance-related data from all persons booked into county detention facilities in Wyoming since 2005. The data-collection process has been refined since that initial effort and has now been institutionalized as a part of the book-in process year-round for all custodial arrests in all twenty-three counties in Wyoming.

Although it had long been suspected that alcohol was a factor in a large number of custodial arrests in Wyoming, reliable data had not been available previously to more accurately determine the scope and impact of alcohol on crime in this state. A sufficient amount of substance-related arrest data has been collected during the past ten years which can now be analyzed for the purpose of identifying trends relative to alcohol, as well as other drug abuse involvement in crime in Wyoming. Consistent patterns of alcohol and other drug involvement for certain crimes are now more evident and the frequency of occurrence more predictable.

To date, information has been collected from a total of 154,225 persons who were arrested and subsequently detained in a detention facility in Wyoming. Specific information collected during the book-in process includes the following:

- Type of offense
- Whether alcohol or other drugs were involved
- Location of last consumption and point of sale
- Known blood alcohol content levels for alcohol related arrests; and
- Demographic information

The data collection and analysis has been a continuous, ongoing process since 2010 and a report published annually on a calendar-year basis. The addition of this year's data allows for a five-year trends analysis – which is included in this report.

The Wyoming Association of Sheriffs and Chiefs of Police publish the results and analysis of the data-collection efforts each year in three separate reports. The main report provides statewide statistics and averages, along with comparisons of county statistics in specific categories. An accompanying supplemental report provides county, community and local law enforcement agency specific statistics. The third report is an Executive Summary which provides selected statistics, information and highlights from the main report. These reports can be accessed online on the following websites:

<http://wascop.com> and <http://jandaconsulting.com>

Alcohol and Crime in Wyoming - 2014

In an effort to assess the impact on public safety in Wyoming from Colorado's legalization of marijuana, the Association began collecting marijuana-involved arrest data in March of this year.

The information collected from a total of 17,361 persons who were arrested and subsequently detained in a county detention facility in Wyoming during the previous year confirms what law enforcement officers who patrol the highways and who respond to calls for service in Wyoming already know from experience – alcohol is the contributing factor most often present in situations that result in someone going to jail.

EXECUTIVE SUMMARY

This Executive Summary highlights a few of the significant findings contained in this report. It focuses on issues that are of obvious concern or which may be of greater interest to the general public; however, a careful review of other relevant findings and statistics contained in the main body of this report is essential in order to gain a more complete perspective of the impact of alcohol on crime in Wyoming.

This report contains an analysis of substance-related arrest information collected in all twenty-three counties in Wyoming during a twelve-month time period (January 1, through December 31, 2014) by the Wyoming Association of Sheriffs and Chiefs of Police. Information was collected from a total of 17,361 persons who were arrested and subsequently detained in a county detention facility. The substance-related arrest data contained in this report provides a statistical picture of the impact that substance abuse is having on crime in Wyoming.

The profile of the average person taken to jail in Wyoming continues to be relatively consistent with previous years. Eight out of ten times it was a male – average age 36. Approximately 12% of the time it was an out-of-state visitor and 6% of the time it was an in-state visitor. Juvenile arrests that resulted in detention in a county detention facility accounted for less than 1% of the total custodial arrests (99 out of 17,361).

Alcohol and Crime in Wyoming - 2014

A review of the data collected from persons arrested and subsequently taken to jail indicates that Wyoming continues to be relatively safe from what is generally considered to be “serious” crime. The number of persons who are arrested for felonies are relatively low when compared to the number of persons arrested for minor crimes (misdemeanors). **Felony arrests accounted for 8% of the total arrests statewide.**

17,361 Custodial Arrests

Substance Involvement in Arrests by Offense - 2014

| Misdemeanors | Felonies | Domestic Violence | Assault | Resisting Arrests |
|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Total • 13,052 | Total 1,436 | Total 1,040 | Total 590 | Total 372 |
| Alcohol 66.33% | Alcohol 21.59% | Alcohol 56.83% | Alcohol 55.08% | Alcohol 72.85% |
| Drugs 12.83% | Drugs 31.62% | Drugs 4.33% | Drugs 4.75% | Drugs 10.48% |

Although Wyoming is relatively “safe” from what is generally considered to be serious crime (felonies), the high percentage of alcohol-involved arrests, the inordinate number of arrests for public intoxication and driving under the influence, and the high levels of blood alcohol content for drivers arrested for being impaired represent real and significant threats to public safety.

DRUG INVOLVED-ARRESTS ARE INCREASING: a total of 17,361 persons were arrested statewide and taken to jail in 2014 and 75% of the time the arrest involved alcohol and/or other drugs. Alcohol-involved arrests decreased by 3 ½ % from 2013; however, the percentage of drug-involved arrests increased by 1½ % and meth-involved arrests increased by more than 1%.

Meth-involved arrests have almost doubled and drug-involved arrests have increased by 37% during the past two years. Nine to ten months of data collected this year indicate that 6.35% of all arrests this year involved marijuana.

Meth, Alcohol and Other Drugs Involved Arrests

17,361 Total Arrests

Percentage totals more than 100% due to presence of more than one drug at a time

Alcohol and Crime in Wyoming - 2014

The level of alcohol involvement reported in the 154,225 reported arrests during the last ten years provides statistical evidence that alcohol is, and continues to be, the drug that has the greatest impact on crime in Wyoming.

- Alcohol was involved in 64.18% of all custodial arrests.
- Methamphetamine was involved in 4.74% of the 17,361 reported arrests.
- Marijuana was involved in 6.35% of all custodial arrests.
- Other drugs were involved in 13.02% of the reported arrests.
- Arrests for public intoxication accounted for 17.18% of all arrests.
- The average blood alcohol content for persons arrested for public intoxication was 0.2387.
- Driving under the influence arrests accounted for 28% of all arrests.
- The average reported blood alcohol content for DUI arrests statewide was 0.1556.¹
- 48% of persons arrested for DUI had a reported BAC level above 0.16 and 10% had a BAC of 0.24 or greater.
- The average reported BAC for 536 persons who were arrested for DUI after being involved in a traffic crash was 0.1654.
- The age group (in 5-year increments) with the highest percentage of DUI arrests was age 21-25 (20%), followed by age 26-30 (14%) and 31-35 (12%).

¹ In Wyoming, a person driving with a blood alcohol content of 0.08 is legally presumed to be impaired.

In order to grasp the significance of the blood alcohol content statistics listed below, it should be noted that a physically fit male who weighs 180 pounds would have to consume at least seven drinks in one hour in order to achieve a BAC of 0.15 – a female weighing 120 pounds would have to consume five drinks in one hour.

Please refer to the Alcohol Impairment Educational Guides for males and females in the Attachments Section of this report for information about the level of impairment for other body weights and drinks consumed.

Blood Alcohol Content – 2014 Arrests

PUBLIC CONCERNS

The statistics contained in this report identify significant public safety issues which merit further discussion, analysis and action by local law enforcement, citizens and state/community leaders

The high percentage of alcohol involved arrests (64.189%), the inordinate number of arrests for public intoxication (3,501) and DUI (4,216) and the high levels of BAC recorded for these individuals (average BAC: 0.2387 for public intoxication and 0.1556 for DUI) appear to validate the concerns about alcohol abuse expressed by Wyoming residents in the most recent statewide public opinion survey².

Some excerpts from the survey that involved 4,798 Wyoming residents:

- 79.7% view alcohol abuse by Wyoming adults as a serious or somewhat serious problem
- When Wyoming residents were asked whether they would support a state law that would prohibit selling or serving alcohol to someone who is obviously intoxicated:
 - 64.3% strongly supported such a law
 - 17.9% somewhat supported such a law
- 84.5% of Wyoming residents believe that drinking and driving in their community is a serious or somewhat serious problem.

² Wyoming Alcohol Use Issues Survey, Wyoming Survey & Analysis Center, November 2012

SIGNIFICANT STATISTICS AND FINDINGS

This report provides statewide statistics and averages, along with comparisons of county statistics in specific categories. In addition, there are approximately one hundred pages of data in a supplemental report that provides county, community and local law enforcement agency specific statistics.

Detailed charts and graphs included in the Data/Statistics section of this report are helpful in identifying trends

involving alcohol-related arrest activity and provide a statistical picture of the circumstances which result in someone being arrested and subsequently taken to jail in Wyoming. The impact of substance abuse on crime statistics varies by county across the state. This report also includes a detailed analysis by county for comparison purposes.

Listed below are a few of the noteworthy statewide averages and county specific alcohol-related statistics and findings from the Data/Statistics section of this report.

- **Alcohol was a factor in 64.18% of the custodial arrests in Wyoming.**
 - Counties with significantly higher statistics:
 - Teton – 87.74%
 - Big Horn – 78.41%
 - Fremont – 76.57%

- **Methamphetamine was involved in 4.74% of the arrests statewide.**
 - Counties with significantly higher statistics:
 - Hot Springs – 14.56%
 - Campbell – 10.48%
 - Sweetwater – 7.92%

- **“Other” drugs were involved in 13.02% of the reported arrests statewide.**
 - Counties with significantly higher statistics:
 - Hot Springs – 28.16%
 - Carbon – 22.64%
 - Sublette – 20.83%

- **Marijuana was involved in 6.35% of the arrests statewide. (9-10 months of data)**
 - Counties with significantly higher statistics:
 - Carbon – 15.89%
 - Niobrara – 14.55%
 - Sweetwater – 10.3%

Alcohol and Crime in Wyoming - 2014

- **Arrests for Public Intoxication accounted for 17.18% of all arrests statewide.** (*The statewide average does not include 916 persons who were admitted into the VOA Detox Center for public intoxication*)
 - Counties with significantly higher statistics:
 - Teton – 31.37%
 - Fremont – 28.33%
 - Laramie – 27.36%
- **The average blood alcohol content for all persons arrested for public intoxication was 0.2387.**
 - Counties with significantly higher statistics:
 - Weston – 0.2935
 - Goshen – 0.2820
 - Lincoln – .2688
- **Driving under the influence (DUI) arrests accounted for 28% of all arrests statewide.**
 - Counties with significantly higher statistics:
 - Niobrara – 63.64%
 - Teton – 47.64%
 - Goshen – 45.65%
- **11.43% of the arrests for DUI involved drugs.**
 - Counties with significantly higher statistics:
 - Platte – 27.03%
 - Uinta – 23.08%
 - Lincoln – 16.96%
- **The average blood alcohol content (BAC) reported for 4,216 persons arrested for driving under the influence statewide was 0.1556.**
 - Counties with significantly higher statistics:
 - Big Horn - 0.1814
 - Fremont - 0.1796
 - Hot Springs - 0.1792
- **15.83% of traffic crashes resulting in arrests involved drugs.**
 - Counties with significantly higher statistics:
 - Johnson – 44.44% (4)
 - Weston – 33.33% (2)
 - Converse/Platte - 25%
- **The average BAC reported for 536 traffic crashes that involved alcohol was 0.1538.**
- **48% of the persons arrested for driving under the influence had average blood alcohol content above 0.16.**

JUVENILE/ UNDERAGE DATA

It should be noted that the data in this report does not represent a complete accounting of juvenile arrests as these arrests often do not result in detention in a county facility.

It should also be noted that *the number of juveniles taken into custody and placed in a detention center this year for being a minor in possession of alcohol and for driving under the influence was significantly less than in 2010.*

It should also be noted that the number of youth ages 18 to 20 arrested for the same offenses also had similar positive results.

Underage Arrests Involving Alcohol

| MIP <17 | MIP 18-20 | DUI <17 | DUI 18-20 | Juvenile Arrests/Alcohol |
|------------|-------------|------------|-------------|--------------------------|
| 2010 85 | 2010 380 | 2010 41 | 2010 275 | 2010 349/48% |
| 2011 53 | 2011 428 | 2011 25 | 2011 352 | 2011 216/41% |
| 2012 10 | 2012 399 | 2012 18 | 2012 300 | 2012 141/26% |
| 2013 11 | 2013 304 | 2013 15 | 2013 237 | 2013 108/26% |
| 2014 10 | 2014 270 | 2014 10 | 2014 237 | 2014 99/23% |

- **5.62% of all persons arrested for driving under the influence (DUI) were under the age of 21.**
- **Juveniles accounted for less than 1% (.0057) of the arrests statewide.**
- **23.23% of the juvenile arrests involved alcohol.**
- **1.01% of the juvenile arrests involved methamphetamine.**
- **18.18% of the juvenile arrests involved marijuana. (9-10 months of data)**
- **27.27% of the juvenile arrests involved “other” drugs.**
- **213 minors arrested for alcohol-related offenses reported obtaining alcohol at:**
 - Party – 26.29%
 - Home – 22.54%
 - Bar – 22.54%
 - Liquor Store – 18.31%

TRENDS ANALYSIS

The graphs pictured below begin to provide a longitudinal view of the statistics which have a direct bearing on public safety. Specifically, these charts track the numbers and percentages of persons arrested which involved alcohol or other drugs, for public intoxication and for driving under the influence for the previous five years.

Substance-Involved Arrests: Percentage of Total Arrests

Driving Under the Influence Arrests: 2010 - 2014

TRAFFIC CRASH DATA

Because many of the arrests in Wyoming involve traffic crashes, this report also incorporates alcohol and drug-involved crash data collected by the Wyoming Department of Transportation. Graphs that track the number and percentage of alcohol-involved traffic crashes and fatality crashes in Wyoming now included as a part of this report.

ANALYSIS OF TRAFFIC CRASHES in WYOMING: 2014

PROJECT DESIGN AND IMPLEMENTATION

The Wyoming Association of Sheriffs and Chiefs of Police contracted with Johnson and Associates, a Wyoming based management consulting firm, to manage and staff this project – to create the master database, to collect and input data, to author the final report and to make presentations to select groups. The Association has contracted with Johnson and Associates to manage and staff this project since its inception.

A task force comprised of administrators and detention facility personnel from each of the county law enforcement agencies involved in the initial data collection efforts in 2005 determined the scope and intent of the project and provided specific direction for its implementation. In the following years, all law enforcement and detention facility administrators in the state were involved in deciding the appropriate fields for collection of data, selecting the subject areas that would be targeted for analysis and refining the process and procedures for collecting the information.

A supply of reporting forms and self-addressed stamped envelopes were provided to all detention facilities in the state - along with an instruction sheet for processing the completed reporting forms. In addition, all detention facility personnel who were assigned the responsibility to oversee their agencies' data collection were provided individual orientations. All completed reporting forms were submitted to Johnson and Associates for data entry on a weekly basis.

The master database for this project was created in a manner that will allow “harvesting” of additional information in the future should a need or particular area of interest arise. The data in this report is presented by “county” and by “department,” by actual numbers and percentages, and by various categories of interest. The information was assembled in this manner in order to assist law enforcement administrators, as well as community leaders, to better analyze the information and to facilitate follow-up inquiries of notable concerns.

DATA COLLECTION

A one-page reporting form consisting of fill-in or checked boxes was constructed and refined during the course of this project. It is estimated that the form requires the booking and/or arresting officer two-to-three minutes to fill out during the book-in process. Specific information that was collected during the book-in process include: type of offense, whether alcohol was involved; whether drugs were involved; location of last consumption and point of sale; known blood alcohol content levels for arrests involving public intoxication, driving under the influence and minors in possession; and demographic information. (A sample of the reporting form is included in this report)

A total of 17,361 reporting forms were submitted by the twenty-three county detention facilities and the Volunteers of America Detox Center in Fremont County during the twelve-month data collection period January 1 through December 31, 2013. The following page provides a complete accounting of the number of reports submitted by each county compared to the number of actual field-arrests book-ins.

DATA /STATISTICS

All information contained in the reporting forms that were submitted by the participating counties was entered into a master data base by week and by month. This information was subsequently assembled by category, by county, and by department in order to facilitate appropriate comparisons and further analysis.

A detailed breakdown of information for each county is available in a separate Supplemental Report.³ A sample of the county statistics is included in this report. Natrona County was selected as the sample to be included as this county generated the greatest number of arrest statistics.

The substance-related arrest data in this report is presented in a series of tables and graphs:

- ❖ Tables – Number of Arrests and Percentages
- ❖ Pie Chart – Methamphetamine, Alcohol and Other Drugs
- ❖ Tables – Felony/Misdemeanor Arrests Involving Alcohol
- ❖ Bar Graphs – Alcohol Arrests Percentages, BAC
- ❖ Pie Graphs – DUI, BAC, Traffic Crash Statistics
- ❖ Tables and Bar Graphs – Juvenile Statistics
- ❖ Pie Graph – Juvenile Demographics, Where Minors Obtain Alcohol
- ❖ Table – Natrona County Statistics (Sample County Statistics)

PLEASE NOTE: Cheyenne Police Department officers have an option to cite and release persons arrested for DUI for a first offense and the arrestee's vehicle has been impounded. These additional arrests statistics have not been included in the DUI statistics in this report (as they were not booked into a detention facility) but are added as a footnote in the DUI graph and in the Supplemental Report for Laramie County.

³ A PDF of this report and the accompanying Supplemental Report can be downloaded from the following websites: <http://wascop.com> and <http://jandaconsulting.com>

Statewide Arrests
January 1, 2014 - December 31, 2014

* Total of percents in Location of Consumption and Point of Sale categories may exceed 100% due to single arrests involving more than one location or point of sale.

No public events named in alcohol collection reports.

ACKNOWLEDGEMENTS

This project was accomplished due to the committed support of all the law enforcement administrators in Wyoming, and in particular, the Sheriffs' generous commitment of agency resources. The day-to-day supervision and weekly submittal of the project reporting forms and the individual efforts of the hundreds of arresting/detention officers who filled out the reporting forms should be acknowledged as well. Their collective efforts were absolutely essential to the overall success of this project.

EVALUATION OF ALCOHOL FACTORS IN CUSTODIAL ARRESTS

Albany County Sheriff's Department

OFFICER or CR NUMBER _____ DATE _____

The following information is being collected in an effort to evaluate alcohol factors in custodial and DUI arrests in all twenty-three counties in Wyoming. This data will be used for statistical analysis purposes only. Please fill out a separate form for every person being booked into your facility. Please fill in the information based on your knowledge of the case, personal observations, and/or questioning of the person arrested. The person should be advised that no case sensitive information is being recorded and that this information is being collected for statistical purposes only. A copy of the final report will be provided to every participating agency. Thanks for your help.

DEPARTMENT (Circle agency affecting arrest; if agency is not listed please fill in "Other")

| 21 | 0.78 | 0.65 | 0.56 | 0.51 | 0.44 | 0.40 | 0.35 | 0.33 | | |

DRIVING IMPAIRED
AC = .05% - .07%

Subtract .01% for each 40 minutes of drinking.
One drink is 1.25 ounces of 80 proof liquor,
12 ounces of beer, or 5 ounces of table wine.

LEGALLY INTOXICATED
AC = .08% AND UP

NOTE: PERSONS UNDER THE AGE OF 21 CAN FACE CRIMINAL PENALTIES IF CAUGHT DRIVING WITH A DETECTABLE ALCOHOL CONCENTRATION OF 0.02% OR MORE.

RELATED EDUCATION & EXPERIENCE:

- Twenty-four years experience as an administrator of a state agency with direct responsibility for budget development and administration, planning, organizing, directing, staffing, and program services delivery.
- Masters degree in Public Administration; over thirty-five years experience training and working with executives to achieve excellence in government, manage and implement change, increase organizational effectiveness and maximize program efficiency.
- Conducted in-depth management studies for criminal justice agencies for the states of Massachusetts and New Hampshire. These studies assessed the delivery of program services by agencies with statewide responsibilities and provided recommendations for increasing organizational efficiency and agency credibility.
- Over thirty-five years of experience in researching, writing, and administering a variety of federal and state grants. Grants involved in excess of several million dollars for a wide variety of purposes: personnel, equipment, training, research and providing services with targeted priorities.
- Extensive experience in researching, evaluating and implementing a wide variety of projects. These projects varied in scope and duration, and many required the involvement and partnership of multiple agencies and personnel throughout the state, as well as the enactment of state legislation.
 - Evaluation performed for the Substance Abuse Division - WDH – “Responsible Server Training Program” – October 2002
 - Managed the Wyoming First Lady’s Initiative to Reduce Underage Drinking – November 2004 to September 2006
 - Currently serving as the Facilitator for the Wyoming Seat Belt Coalition
 - Managed project and authored report: A Comprehensive Review of Alcohol State Statutes: Findings and Recommendations for Reducing Underage and Binge Drinking in Wyoming – 2008
 - Management Review of the Wyoming Seat Belt Coalition: Mission, Goals and Work Scope – September 2011

Alcohol and Crime in Wyoming - 2014

- Thirty years of experience in conducting a variety of feasibility studies
 - Conducted numerous feasibility studies for the Wyoming Legislature
 - Most recent feasibility study conducted for the Town of Wright: “Should the Town of Wright create its own Police Department?” May 2004

- Conducted executive level training for the US Department of Justice/ State Department:
 - Instructed a 40-hour training course entitled “The Office of Professional Responsibility” for the Lithuania National Police command staff - 2001
 - Instructed an 80-hour training course entitled “Sex Crimes Investigations” for Investigators and Prosecutors in Lithuania - 2001

- Faculty - Criminal Justice Department - University of Wyoming (September 2000 to September 2012)
 - Criminal Justice Management, Concepts of Modern Policing, Ethics in the Administration of Justice, Criminal Justice Civil Liability, Politics and the Judicial Process, Criminal Courts and Processes, and Police Deviance.

- Management consultant for the Wyoming Association of Sheriffs and Chiefs of Police - Projects completed or currently in progress:
 - Evaluation of Alcohol Factors in Custodial Arrest in Wyoming – May 2005
 - Statewide Public Opinion Survey: Alcohol Issues and Policies (phone survey of 4,600 residents of Wyoming – Report released November 2006
 - Evaluation of Alcohol Factors in Custodial Arrests in Wyoming - 2006: Phase I (data collection), Phase II (Analysis, Findings and Strategies)
 - Evaluation of Alcohol Factors in Custodial Arrests in Wyoming – 2007, 2008, 2009
 - Alcohol and Crime in Wyoming: 2006 – 2008
 - Alcohol and Crime in Wyoming: 2010, 2011, 2012, 2013, 2014, 2015
 - Project Manager for the Enforcing Underage Drinking Laws Program – September 2007 to May 2009
 - Project Manager for WY-CIA Wyoming Communities in Action – Phase I, Phase II – September 2007 to May 2009
 - Project Manager for Reducing Underage Drinking and Driving – October 2007 to September 2009
 - Project Coordinator for Project Safe Neighborhoods in Wyoming: A national initiative directed by the US Department of Justice aimed at reducing gun crimes and violence in this country. Initiative is currently in its sixth year of operation in Wyoming.

- Facilitator/Coordinator for the Wyoming Seat Belt Coalition – December 2006 to 2014

- Administration and coordination of WYDOT-Highway Safety’s Selective Traffic Enforcement Program Grants for Wyoming law enforcement agencies– December 2008 to present

- Facilitator for the Wyoming Safe Communities Project – FY 2012
