Sun-Cleaned Purity

Solar-Powered Profits

Sun Soft® Solar Salt

Helping you make life easier for customers with hard water

Nearly 85% of U.S. and Canadian households have hard water. Let your customers know you carry Sun Soft Solar Salt to help with their water softening needs. They'll be conditioned to return the next time they need to stock up.

Water softened with Sun Soft improves your customer's everyday life

- ✓ Kitchen
 - Purifies drinking water
 - Glassware is film-free
- ✓ Bathroom
 - No scaling on bathtubs and sinks
 - Minimizes soap scum around tub and fixtures
- ✓ Body
 - Skin feels cleaner and smoother
 - Hair is more manageable
- ✓ Laundry
 - Clothes are cleaner, brighter and last longer
 - Laundry is free of mineral stains
- ✓ Household
 - Improved appliance efficiency – washing machines, water heaters and humidifiers
 - Minimizes deposits in pipes

3 varieties, because every customer is different

From the natural waters of Utah's Great Salt Lake, and using the sun's clean solar energy, Sun Soft Solar Salt is 99.7% pure. Your customers can rely on us as a name for exceptional quality.

Sun Soft Pellets Solar Salt

for those who prefer
conventional salt pellets.

Sun Soft Pellets Solar Salt with Rust Buster®

for customers who need the added
advantage of eliminating iron
build-up in their water softener.

Sun Soft Solar Extra Coarse Salt

for the look and
texture of coarse salt
in its natural crystal
size.
