We grieve for the loss of our Pastor Ed Pohlreich who had just taken up leadership of WOMF working again in Uganda with Pastor Scott and Pastor Stephen. Their vehicle's brakes failed on a steep hill. All were leaders to follow and men to emulate. They loved Jesus showing it with their lives and we ask for ongoing prayer for the families and friends in days ahead. Their full legacy will not be complete until all they have touched in life are with them worshipping our Lord. What do any of us have of real value but what we take with us when we go and what has been deposited ahead of us... There is no one to help in Heaven. Let's do it now led by Holy Spirit, as these three showed with their lives of willingness to sacrifice giving up what the world could offer. To love God and love people, real men with humble hearts and genuine love. Thank you Lord for the privilege of having Pastor Ed and his wife Pastor Marcy's kind support and care over the many years. Be the families comforter, be so present, in thankfulness Will n Pam

PASTOR ED POHLREICH PASTOR SCOTT VOLZ PASTOR STEPHEN KAWEE
In loving memory, these men took their first breath of Heaven together on March 28th, 2016.

A day for our much appreciated Staff... sweets, n treats, & a grab all you can in ten seconds...cheering and shouting CASH AWARDS !!!FUN, FUN,!! FUN !!!

STAFF APPRECIATION DAY

One of many many fun Birthday suppers !!!

Maria with her Sunday meeting vantage point ...

Give-away clothes and goods stored up for two years ...

Jesus our God willing for the Cross obedient in all.

Thank you Lord

Thank you, always grace n love. Pam,Will & Mary

Wiktor, a dear friend, brought a picture taking high flying Drone to show the children ... TMC in background with new Classrooms site to the left of the buildings...

Dear Friends of the children and staff of Tiyamike (and ourselves) Look and see... everything below center of the photo has been built with the funds you have provided !!! Not forgetting the many lives you and we here have been able to be part of saving and changing. Futures and hope where there was little if any. We need to educate these wonderful children and to do that, we need to add classrooms, which will allow more paying community students to assist with the operating costs. We will start with six ready for September. We have changed our initial plans for a two story school to single story due to costs and labor skill levels available. We can do this your help as you have peace in joining us. Without a top Primary School we will not have qualified capable Primary graduates to enter our (THEIR) Secondary School. We are leasing space for the Secondary School now (2nd yr of operation) Yes... that has to come , but not for now. So join us if you have that ability and desire to be part of this challenge. Without Quality Education these children will have little to contribute to the Kingdom and the country as you and we all have the hope they will.

Guesstimated costs are 12,000 USD per Classroom, forex fluctuations and inflation makes accuracy impossible.
