

EF-22a

PRODUCT GUARANTEE

EcoFreeez, Inc. guarantees EF-22a to be ozone-safe and to perform efficiently as a second-generation substitute for HCFC-22 without retrofitting. EF-22a is up to 30% more efficient and does not become caustic if contaminated with moisture and oxygen. EF-22a is further guaranteed not to harm air conditioning system components or any other related mechanical equipment if installed and used according to factory directions. Should damage occur to any air conditioning component, including compressor, which is found to be caused by EF-22a, EcoFreeez, Inc. shall pay for the cost or repair of such component(s). Guarantee will be void if EF-22a is run through recycling equipment.

A handwritten signature in blue ink, appearing to read "Albert Sardar".
