MAKE A Möbius Strip

What to DO with a Möbius Strip:

- [1] Draw a line down the middle of one side of the strip.
How many sides does it have? Does that make sense?
- [2] Cut along the line. WAIT! First, guess what will happen. Does that make sense?
- [3] Paperclip your Möbius strip to this page.
- [4] Challenge: Who can make the smallest Möbius strip?
- [5] As a GROUP, make the world's BIGGEST Möbius strip!
What can you use? A roll of toilet paper? (Be hygienic—use new toilet paper!) Christmas gift wrap?
- [6] Measure your Massive Möbius Monument. Take a picture and post it to the re:form gallery.
