

Springs Farm

Springs Farm exists to create a culture of connection by providing fresh and homegrown produce to our customers while delivering exceptional customer service.

What We Do

We work hard to connect our consumers with our agriculture world and our Springs Farm Market Cashiers play a crucial role as the frontlines of our business! If you love homegrown produce, homemade ice cream, and people, this job is for you!

Our 75-acre farm produces strawberries, peaches, blackberries, garden produce, the world's hottest pepper, and pumpkins. We utilize 4 greenhouses to raise our produce each year along with a 7-acre pick-your-own strawberry field. We operate our Springs Farm Market where our produce is sold along with fresh baked goods and homemade ice cream.
