Assessments

To better gain an understanding of the knowledge your child possesses, we will utilize the following assessments to better assist us in knowing how we might be able to minister to and serve his/her needs:

DRA (Developmental Reading Assessments) is used in grades K – 3: assesses reading engagement, oral reading fluency, and comprehension.

DORA (Diagnostic Online Reading Assessment) is a K – 12 measure used to assess the 8 sub-skills of: high-frequency words, word recognition, phonics, phonemic awareness, oral vocabulary, spelling, reading comprehension, and fluency. By examining this combination of multiple reading measures, *DORA* reveals a student's unique reading profile, allowing teachers to tailor instruction to individual student needs.

ADAM K-7 (Adaptive Diagnostic Assessment of Mathematics) is a K-7 comprehensive, diagnostic assessment of mathematics. Aligned with the Common Core Standards, State Standards, as well as NCTM's (National Council of Teachers of Mathematics) five content strands, *ADAM K-7* thoroughly assesses a student's complete mathematical understanding, to provide a comprehensive picture of his or her strengths and weaknesses.
