

Countertop Drawing Guide

Use this worksheet to obtain an estimate for your project. You may upload it and email it to us or bring this worksheet to our showroom.

Step 1: Draw a representation of your countertops in the grid below.

Step 2: Section your drawing into simple rectangles and squares, labeling them as A, B, C, etc.
Include any islands, bar tops, peninsulas and backsplashes as separate sections.

Step 3: Include your sink, cooktop, range, dishwasher, and refrigerator in the drawing.
