Chief Pilot Sounds Off:

Hello Flyers!

The heat didn't stop us!!! Wow, what a great turnout for July's event. We had a variety of planes, gliders, warbirds and drones in the air and even some cars racing down the runway. Most of us got out there early enough to beat the heat and boy was that the right call. We had a 50/50 raffle and started our month-long plane raffle along with a very nice BBQ lunch.

I want to thank all our members and friends who came out to fly and participate. We have some great photos thanks to Jeremey Saltman and have posted them on our Facebook page and Website. I would also like to thank Neil and Ember Houston for BBQing in the heat, donating food and bringing out their travel trailer for extra comfort and Boomer/Jerry/Cody/Larry/Chuck/Neil for helping with set up and tear down. Their help was very much appreciated. In addition, Lisa, Michelle, Ember and Jeremy for help with the raffles, pictures and cooking. Their efforts really helped our club.

All in all, it was a great day of flying and fellowship.

Come on out to fly. Hope to see you soon.

Best Regards,

Brian

Warning, Warning, Warning!!!

Just a Reminder! We are being advised by our Government (the old one), "do not fly your RC models in or around a hurricane." "Fines, if caught, are upwards of \$32,140.00 per violation." This information was provided by the F.A.A. (this bulletin editor reports just the facts !)

No Fly Dates @ Toyota Amphitheatre*

Below is a listing on the remaining events at the Toyota Amphitheatre.

However, it is recommended that Red Baron members check the Amphitheatre's website before heading out to the flying field to see if additional dates have been added to the schedule.

Remember, whenever there is an event at Amphitheatre, those are considered no fly for our club.

AUG. 25 [2017 Honda Civic Tour Featuring OneRepublic](#)
