Dear
Donor Family,

We would like to take this opportunity to appreciate your kindness and generosity. This Eid was very special for all my family members as we received your gifts a day before Eid - my daughters were extra excited on that day of delivery and we were waiting for NewCircles call all day. All the gifts were carefully packed beautifully and were much more than what we expected!! This was out of your kind heart that you took time out of your schedule to select such high quality items for my family. Everyone felt that all the gifts were extremely helpful and what they hoped and wished they could own once. Thank you again for doing such a great act of help and went above your generosity to bring so much joy and happiness to our Eid 2016 experience. All the best with everything and God bless you.

Sincerely

Ali Ali family ☺

Thank you
