

ARMED SERVICES MARATHON AND 1/2 MARATHON COURSE

Starting on the track inside the football stadium, you will exit the stadium to the parking lot. You will exit the parking lot and head to the bike path alongside Ferris St. Turn right (West) on the bike path and continue to Greenleaf Ln. Turn right (North) on Greenleaf Ln and follow as it curves to the left (West) and connects to the bike path alongside Lakeshore Dr. Turn left (South) and continue South ON THE BIKE PATH. You will continue South on the bike path to the "turnaround" which is located just past the Hiawatha Dr. intersection.

After arriving at the "turnaround", you will return on the same course for which you ran out, entering the Grand Haven High School parking lot. Prior to entering the stadium, you will run out and back on the service road which goes behind the football stadium (See blow up map of the stadium portion of the course). After completing the service road, you will then enter the football stadium and run almost 1 lap to the finish line.

The 1/2 marathon is 1 lap and the full marathon is 2 laps (The full marathon will also run on the track to the finish line and then begin your 2nd lap). The course(s) are out and back which allows us to have fully stocked aid stations (with "portos") every "1" mile instead of every "2" miles. Having the marathon as 2 laps will allow friends, family and spectators to cheer you on more frequently.
