NEW BUSINESS

Ministry Presentations: Deacon Jim reported that he was asked by the cantors to remind the presenters for the Ministry Presentations to PLEASE let the cantor know they are present and will be speaking. Barbara will emphasize that when she confirms with them and remind them that they must cover each Mass.

The current process is that Barbara notifies Sharon Hamblin who puts the information about the presentation in the cantor/priests notes. Once it is there, it is expected that presenters will show up and let the cantor know they are present. (Note: we also need to remind presenters that they should speak from the cantor's lectern, NOT the ambo on the altar).
