

October 2017

This month marks one full year that the new Rescue Mission has been open to receive guests in need, and what a great year it has been! God has blessed the Mission with a home which is warm and inviting for those who have no home.

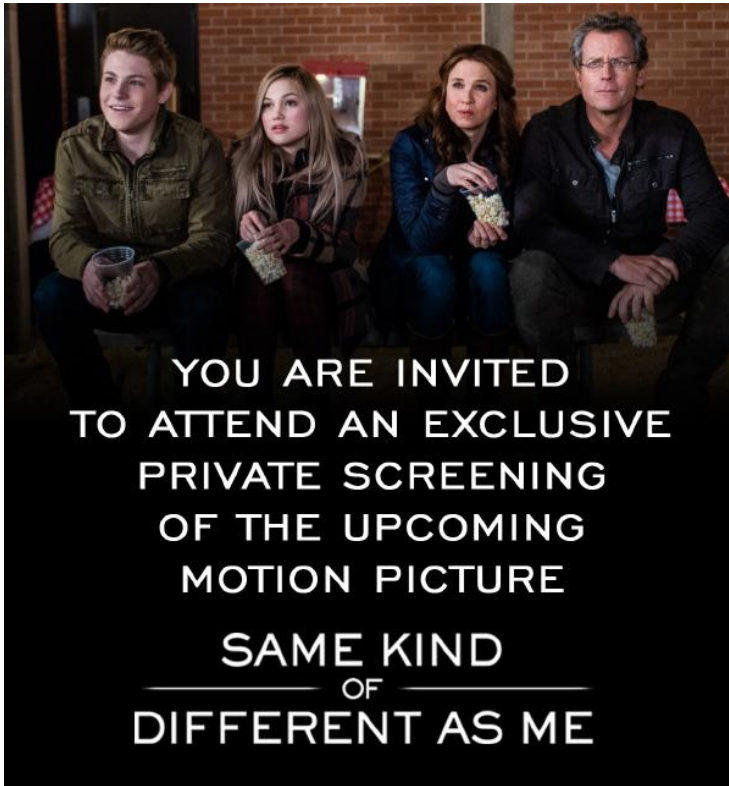

The emotions people feel when they find themselves homeless are a mixture of fear, failure, hopelessness, anger, loneliness, and a complete loss of self-esteem. Being confronted with all these feelings at once renders many people incapable of making the decisions necessary to begin the process of recovery. Having a facility which is beautiful and welcoming with lots of green grass, trees and flowers is crucial to create the setting where people can rebuild their lives.

Usually a person's first introduction to the Rescue Mission is in the dining room. Many of our guests have not eaten a good meal in days when they arrive at the Mission. The food we serve sends the message to our guests that the people here care about them and that they have come to a safe place. With their immediate needs of food, shelter, and safety met, they can then focus on the steps they need to rebuild their lives and become self-sufficient again.

Now that the Mission has been at its new facility for a full year, we know what the costs of operating the shelter will be. Of course, the new shelter is 50% larger. We are buying more food and using more electricity and water. The monthly operating expenses have increased about 25%. The Rescue Mission needs your prayers and your financial support to meet these expenses. When you give to the Rescue Mission, you are giving someone the opportunity for a second chance at life. The job of the Mission is to show the love of Jesus to hurting and needy people. Your gift is God's love in action helping others.
