

FINISHING SCHOOL

FINAL TOUCH EVERYONE NEEDS

You usually have less than 30 seconds to make a good first impression, and yet that impression may follow you indefinitely. In fact, according to Devora Zack, author of “Networking for People Who Hate Networking,” it takes 200 times the information to undo a first impression than it takes to make one.

ABOUT THE PROGRAM

This workshop is designed for students who want to learn how to make positive first and lasting impressions, feel more comfortable in social and business situations—both here and abroad— and polish their personal brands for personal and professional success.

MODULE 1- BUSINESS ETIQUETTE
