3/8/2017 My attempt to file a Due Process Violation form could not be downloaded because I do not have JAVA SCRIPT. Due to KEY LOGGER HACKING all attempts to download Java Script from the internet is stopped just prior to being completed. Same with Corol Write. My Documents are currently being hacked and file names changed daily. Documents written on Open Office are cut copied and pasted to Coral Write or Java Script then will not open = even with password protection. This is now tampering with evidence, obstruction of Justice.

In 2002 I attended a hearing held by We The People Foundation For Constitutional Education in Washington, District of Columbia. This conference was a redress of grievance over illegal income tax issues. Hosted by Robert Schulz, President of this Foundation, co-chaired by Attorney Larry BeCraft and Joe Bannister a former IRS agent. The hearing is available on DVD and Video from the foundation. Bannister testified that he quit the IRS upon discovering there was no law requiring anyone to pay it and provided additional evidence of fraudulent conduct by IRS Agents.

Prior to this hearing I sent invitations to my Representatives to the Congress and even ask if they would co-chair it. Congressman Oxley of Findlay, OH responded and no response from the others - as usual.

The Foundation, in order to make things go smoother sent 300 questions to the Congress of the United States and the IRS. These questions to be answered under Oath at the Hearing. Not one member of Congress or the IRS showed up. The men and women continued with the week long hearing and read and responded to these questions based on Law, Statutes, Codifications and some 60 Key Case rulings of the one supreme Court of this nation = all proving there is no law that requires anyone to pay and income tax. Forensic Auditors gave testimony as to the fraud schemes of the IRS are pulling on the general Public. Presented to this hearing were some 17,000 document taken from state and federal achieves which proved the 16th Amendment to the U. S. Constitution was never lawfully ratified = no rebuttal as each showed the amendment forms were altered in some way thus voiding the Amendment within state records. I wrote Congress demanding the Amendment be marked Void for Fraud = ignored. I sent lawful notice and demands = ignored.

Schultz filed a Civil Action against the IRS in Federal Court which ended up in the 2nd Circuit Court of Appeals New York City, NEW YORK. The court decision came down on January 2005 Case NO. 04-0196-cv. ...No action can be taken against a supposed tax payer without first taking them to court.

In U.S. v. LLOYDE R. LONG, Federal Court TN Case No: cr-1-93-91 the Federal Jury found Long not guilty since Attorney BeCraft proved to the Jury the 16th Amendment was never lawfully ratified.

On July 2005 the IRS began, without due process of law, began garnishing my bank accounts, pay check - 100% the first time leaving me nothing to live on. I had to borrow money to get to work. I provided evidence from the IRS CODE and the Hearing on Taxation by We the People Foundation to my employer that there was no law requiring me to pay it in the first place. We called the IRS and set up a time to discuss the matter. Myself, the head of personnel and my supervisor sat in the personnel office waiting for the IRS to call = no call ever came in.

In 2008 I filed a civil action into the COURT OF COMMON PLEAS, COUNTY OF HANCOCK, STATE OF OHIO; Buess v. IRS Case NO cv-454. The IRS never answered summons, never showed for show cause in short bought the judge off with threats and intimidation, in my opinion. I found Judge REGINOLD J ROUTSON traded on D&B as a Corporation and confronted him = ignored. I also found the Sheriff Mike Heldman also traded on D&B, The Court House, The Public Library and more. I found this to be conflict of interest. I motioned for Default Judgment and ROUTSON ignored it along with other motions, any and all motions, then dismissed the case without ruling before dismissal. I objected but it didn't matter. The Clerk of the Court, CATHY PROSSER WILCOX, altered my paperwork as filed and committed Identity Theft by changing cover sheet as filed to DAVID LEE BUESS from David Lee Buess, PAG. Un-rebutted Affidavits filed into this court also went ignored. THERE

IS NO EQUAL JUSTICE UNDER THE LAW FOR THE MAN David-Lee: Buess. Non-Corporation, Bloodline American, Sovereign thereof. Motion to bond this case also ignored. Routson and Wilcox have to altar the names on court documents so as to run their Bond, Commodities and C.U.S.I.P fraud game on all who enter their court. Routson's Court also running a Color Of Law fraud upon all who enter. When I questioned his jurisdiction he told me to prove he had it. Violation of his oath of office – I DEMAND HIS SOUL. Neither the Plaintiff nor Defendant are required by law to prove the judges jurisdiction are they? Conflict of Interest = See “inn of court” BLACKS LAW DICTIONARY 8th ED. Page 805 = unregistered foreign agents = Barristers Title of Nobility; The BAR = British Accreditations Registry. Why are we practicing a Legal System in American Courts? = British LAW = Fraud !

The IRS therefore have counterfeited a debt by use of a piece of paper with no OMB NUMBER ON IT and or 1040 Debt = ruled by the Federal District Court Grand Rapids MI, U.S. v. Lear, of no legal standing and Committed Identity Theft in the process. At no time have the IRS informed me of the 44 U.S.C. Paperwork Reduction Act 3520 Public Protection as to any of their fraudulent activities.

Knowing the 16th Amendment was never ratified and there is no law requiring anyone to pay this income tax I presented to the IRS an Affidavit and Bill and Invoice. They have never rebutted it. This now gave me a true bill and invoice = un-rebutted Affidavit becomes truth in commerce and Judgment in Commerce. I have been True Billing and Invoicing the IMF/IRS since 2005 and as of February 15, 2017 the IMF/IRS, et al, owe me \$9,399,950,492.51 and I fully demand payment. They ignore all Notices of Deficiency and Notice of Dishonor as well and refuse to pay forward.

When filing my first case against the IRS in Federal Court I went on Line and looked at other cases filed. I then cut, copied and pasted it to a words document printed it out, made necessary adjustments and filed the case. Sure enough it was thrown out of court under 12 b 6 failure to state a claim. Interesting since the case I copied was actually won and all I did was change the names. How did that man win his case = an honest judge perhaps?

In and for the Record the IRS is a Division of the IMF = UN-REGISTERED FOREIGN AGENTS who are operating out of Puerto Rico under French Law and incorporated out of the STATE OF DELAWARE DIVISION OF CORPORATIONS - They are not lawfully registered in any union State to do business. No Charter, Bond, Reinsurance or Business License.
