

Mrs. Samiyyah Boston, MBA

Samiyyah Boston is founder of Pinnacle U, a company with a mission to help others advance themselves in the areas of budgeting, investments, and professional career development through online courses and consulting. She received her Bachelor's degree in Finance and Human Resources from the University of South Carolina in 2007 and later obtained a Master's of Business Administration in 2010.

While in the Finance Industry for 10 years, it was not until she joined Merrill Lynch in 2012 as a licensed Registered Investment Advisor and Stockbroker that she discovered how to help others uncover the knowledge to attain wealth and reach their personal financial goals.

Acknowledging that most people will not amass the wealth to work with a Financial Advisor, she has a continued commitment to help those who are willing to put simple principles into practice for the betterment of their future and break cycles of poverty that plague many families. She believes everyone should have the opportunity to learn basic financial fundamentals, and she intends to be that voice to the masses.

Within the last two years, she has become a real estate investor. She now owns several rental properties as a result of budgeting and investing. Samiyyah enjoys renovating homes and vacationing with her husband and two daughters, in her spare time.
