Dear Parents,

Thank you for considering St. Joseph's Day Care for your childcare and preschool needs. For over 25 years we have been providing quality early childhood education and school age care. We participate in Pennsylvania's Keystone STARS Quality Initiative Program.

The Center has a dedicated teaching team that strives to nurture and fulfill the physical, intellectual, emotional and spiritual development of each child. This is achieved through the center's curriculum which is designed to include both planned and spontaneous activities in response to children's interests.

The Center offers all day programs, for children ages 6 weeks through school age. Preschool classes are offered from 9:00-11:30am. The Before and After School Age Program is offered to children in the Oley Valley School District and children attending Earl Elementary School in the Boyertown School District. A summer camp program is offered for children June through August.

Our goal is to establish a fun, safe, and rewarding experience for your child. As parents you are a vital part of our program and your input in your child's care is extremely important to us. We encourage your involvement and participation in activities at the center.

Attached to this letter is important information, to explain some of the questions you may have concerning our policies. You are welcome to call, email or schedule an appointment to visit and observe our classrooms, as well as, meet our staff.

Sincerely,

Robin Schmale
Director
