1. PRIZE PAYOUT

Patriots Challenge is a charity fund raising tournament and as such we do not turn anyone away regardless of their fishing skill or past performance. To help make our tournament fair for all participants our payout schedule is much flatter than most other tournament trails. This gives the amateur fisherman a better chance to get a check while competing with some Rayburn's best anglers. In addition all prizes are from a random draw of the participates.

Prize money will be awarded following the final weigh in by total weight of five fish limit
One place will be paid out per five teams entered at a 70/30 split

The remaining profit from all paid entry fees will be donated to our Outdoor Freedom Network 501 (c) (3) public charity helping Military members, at risk children and their Families.

Bag limit or Big Bass exact weight ties will be broken by a coin flip unless both anglers agree to split the prize.

2. DONATIONS

Net profit made from Patriots Challenge entry fees and other donations not used for prizes or approved expenses i.e. advertising and promotional materials will be donated to the Outdoor Freedom Network Program helping Military members and families both past and present. OFN is a public charity program non-profit 501 (c) (3) registered in the State of Texas with Federal application pending.

3. OFF LIMITS

There will be no off limits for Patriots Challenge Tournaments. Teams may not have the assistance of any non-competitor for the purpose of locating or catching fish on the competition day(s). The use of electronic communication devices for the purpose of sharing fishing information during tournament hours is prohibited.

4. TOURNAMENT HOURS

Tournament hours will be from a designated time based on the current conditions by the tournament director until 3:00 PM. We reserve the right to assign flights and change hours if necessary. Start times will be announced upon registration and will generally be at first light unless other weather conditions exist.

5. LAUNCH SEQUENCE

Patriots Challenge is a trailering tournament, participants do not have to check in the morning of the tournament if they are preregistered. The tournament director will set the first cast time based on current conditions and will be announced upon registration.

6. SAFETY

Safe boating conduct must be observed at all times. Each competitor is required to wear a Coast Guard approved personal flotation device, securely fastened, at all times while the boat is on plane. Furthermore a kill switch must be fastened to the driver anytime the combustion engine is propelling the boat. Failure to do so is grounds for disqualification of the offending team's catch. Running lights must be operational and turned on as required by law. Each competitor's boat must be equipped with a livewell

system capable of keeping a tournament limit of bass alive. Any boat equipped with a motor that exceeds the horse power rating of the boat according to the manufacturer is prohibited from being used in the Tournament. During the tournament, no portable gas tanks or containers capable of holding gasoline can be placed anywhere on the tournament waters or shoreline for use by any tournament competitor.

7. SPORTSMANSHIP

Each contestant is expected to follow high standards of sportsmanship, courtesy, and conservation. No team may fish within 50 yards of a anchored boat with the trolling motor up. No team may fish within 25 yards of any other boat without permission from the other boat, however permission may not be granted at the exclusion of any other team. No hole sitting by a non-competitor or by another competitor, to aid a tournament participant will be allowed. Violators will have their catch disqualified.

8. TACKLE AND FISHING METHODS

Only artificial baits may be used. No live or cut bait is permitted (pork baits are permitted). All bass must be caught alive in a legal and sporting manner. No snagging. Each competitor may only use 1 rod at a time. No more than 1 line in the water at a time per angler. Trolling with the combustion motor is not permitted. No competitor may leave the boat to land or catch fish.

9. STATE AND FEDERAL GAME REGULATIONS

All participants are expected to abide by all state and federal laws and game regulations. Any team who intentionally violates a law or regulation in an attempt to gain an unfair advantage will have their catch disqualified. In the case of multiple governing authorities, the strictest law is applicable. Any participant who consumes, or is under the influence of alcoholic beverages, stimulants or depressants will have their catch disqualified. (Prescribed medications taken per doctor's instructions are excluded.) If any laws or regulations are violated the participant will be directed to the Local Law enforcement agency such as the Game Warden.

10. SCORING

A limit of 5 bass (largemouth or spotted bass) may be weighed in. Minimum length is 14 inches measured with mouth closed. A short fish brought to the scales will not be weighed, and will result in a 1 pound penalty. Dead fish will be penalized .25 (1/4) pound. The dead fish penalty will also apply to any fish weighed as a Big Fish if that fish is dead. All culling must be done at the time the 6th fish is caught; no team may continue fishing with more than the tournament limit in the live well at any time during the tournament.

11. EMERGENCIES

Competitors shall remain with their partners in the boat at all times during the tournament, except in the event of sickness or brief excursions for "nature calling", severe storm or other such hazard. It is permitted for a competitor to leave the boat for marina services. Competitors may leave the boat to dislodge it, but only to return the boat in the direction it came from. Leaving the boat to advance it is not permitted. (In falling water conditions, a team may leave the boat to advance it only to return from water they accessed without leaving the boat.) If for any reason either or both team

members decide to leave the tournament waters early, both members shall bear full responsibility for notifying a tournament official. If one team member leaves the water early, he/she may not return and resume fishing. However, his/her partner may continue fishing for the remainder of the tournament hours. In case of a breakdown, one partner may return with fish by another tournament boat or a Patriots Challenge staff boat while the other partner is permitted to stay with the disabled boat.

12. WEIGH-IN PROCEDURES

Weigh-in will be on a first come first serve basis. Once fish have been presented to a Tournament Official to be weighed-in, all fish become the property of Patriots Challenge and no additional fish may be brought to the scales. Bags will be limited in order to avoid a bottleneck at the weigh-in tanks. Once a team member has checked in or left the boat for the purpose of checking in, neither team member may fish or continue fishing.

13. LATE PENALTY

Teams who are not checked in at the deadline time of 3:00 pm will not be permitted to weigh their fish. Official time will be kept by the tournament director.

14. PROTEST AND POLYGRAPH TEST

Any protest must be submitted in writing to the Tournament Director within 15 minutes of the close of the weigh-in. Anyone protesting the tournament results must be willing to sign a sworn statement regarding their protest and pay a \$200 polygraph/investigation fee that will be refunded if the protest is upheld and forfeited if it is not. Patriots Challenge reserves the right to give a polygraph test to any participant at any time. This test does not have to be administered on site and may be set up by the Tournament Director at their discretion. All participants agree to abide by the results of any polygraph test administered. In the event of a protest and an off-site polygraph test the Tournament Director will have the option of mailing all the checks to the teams in the money pending the outcome of the polygraph. By entering into the Patriots Challenge Tournament you agree to be subject to a Random Polygraph test to determine eligibility for your winnings. Should a participant refuse to take the test or "Fail" as determined by the qualified individual administering the test, that participant may be disqualified from that tournament and future tournaments with the Patriots Challenge. It is the sole discretion of the Patriots Challenge Tournament Director, if a participant is to be disqualified for rule violations or is required to take a polygraph test.

15. VIOLATION OF RULES AND DISQUALIFICATION

Any team or team member found in violation of any rule may face disqualification of their team's catch. If the Rules Committee feels that their violation was a willful attempt to gain an unfair advantage or to intentionally cheat, then the Rules Committee has the right to refuse entry from that team or team members in the future.

16. RULES INTERPRETATION

Interpretation of these rules will be left to the Tournament Director. Infractions of any rule may result in disqualification of the catch. All decisions are final and may be disputed according to the "protest" section of the rules.
