

NCRTAC PI Committee Meeting Notes

9/12/2024

Attendees: Rachel Symons, Daniel Arndorfer, Jenny Blenker, Davie Rae, Cathy Conner, Nicole Dekan (online)

- Peds readiness take assessment at any time
 - Grants available to support

- Falls NEED injury prevention
 - Stepping on courses-
 - a lot of time/training needed to teach courses not reasonable to Level III and IV trauma coordinators to do all that.
 - EMS services used to put referrals in for patients who were at high risk for falls, stopped after COVID
 - EMS used to do home assessments to alert people of potentially dangerous areas in their home

- Anticoagulation education- create education through RTAC PI Committee to be disseminated through both Marshfield Clinic and Aspirus Health Systems.

- SERTAC PI indicators
 - Reviewed document- adopt something similar for our own region
 - A lot of points will be the same as most items are to be tracked by the state
 - Sent document to people in meeting to review and bring back to next PI meeting to discuss further.
