

THE TETRAD-VIRGO CONNECTION

The purpose of this illustration is to show some amazing mathematical correlations between the Tetrad of 2014-15 and the up-and-coming *Great Virgo Sign*. There appears to be some unique variables that factor in the *phi ratio* sequence as this study suggests 'Prophetic Time' is reassured with and by. The 1st observation is that if one takes a day before the start of the beginning Tetrad date of April 15, 2014 and measures out in time a day after from the *Great Virgo Sign* of September 23, 2017, the day count equals 1260 days. This coefficient is half of the prophetic 2520 variable of which many sacred measurements are taken from and in different dimensions even. Thus the 1260 day count could be a prophetic clue that is for sure a mathematical certainty for the Tribulation period to come. If there is any consensus amongst the vary-

1260 DAYS

September 22/23, 2017
Day after Rosh HaShanah
Fall Equinox

The 2nd observation is that the *Equinox Solar Eclipse* that occurred within the Tetrad and the 8th of this type since Christ on March 20, 2015 is in approximate *phi ratio* proportion mathematically and thus in terms of time in-between the start of the 2014-15 Tetrad on April 15, 2014 and the *Great Virgo Sign* of September 23, 2017. This is amazing to realize that such eclipses, comets, Blood Moons, Tetrads are all prophetic because they coincide with the *Holy Feasts* of YHVH.

Now as to the interpretation and meaning, that is subject to on-gong debate. One thing is for sure, Biblical prophecy is a good thing as it is given to Humanity and in particular to YHVH's People as an advanced warning of something to come in YHVH's prophetic timeframe.

The 3rd observation is that technically the *Great Virgo Sign* of September 23, 2017 will actually be occurring on the first full day after the *Civil New Year*, 5778. According to the *Rabbinical Calendar*, Rosh HaShanah starts on the evening of September 20, 2017 and ends on the evening of September 22, 2017. The *Virgo Great Sign* starts on the eve of the 22nd depending on where one is at on the Earth.

70th Year

The year 2018 or 5778 will witness the 70th Year Anniversary of Israel's 'birth' as the typology of the Manchild, in one layer of interpretation of the *Great Virgo Sign*. The other inferred meanings concerns Jesus Christ foremost and the *Body of Christ*, that is the *Saints* that are to be raptured-up to Heaven as the Manchild. Also realize that 2018 will be the 1948th year since 70 AD that Israel was judged with the 3rd and last *Diaspora* for rejecting Jesus Christ as the Messiah.

The last observation has to do with another timeframe that appears to converge the last 2 most profound and 'Prophetic Keys' of the *Olivet Discourse*. Not only will there be the 70th Year Anniversary of the rebirth of Israel in 2017 but the 50th Year Anniversary or 'Jubilee Year' of the liberation of Old Jerusalem to include the *Temple Mount*. Amazingly the *Great Virgo Sign* is in approximate *phi ratio* to the June 7, 2017 *Jubilee Anniversary* and to the May 14, 2018 *Independence Day* anniversary of May 14, 2018.

As noted also in other studies, the position of *Jupiter* in *Virgo* after having been 'birthed' approximately 13 days prior to the *Great Virgo Sign* date of September 23, 2017 is also in approximate *phi ratio* of time and space, in-between the Moon at the feet of *Virgo* and the Sun at the shoulder area of *Virgo*.

Could the remaining 3rd "Prophetic Key" of the *Olivet Discourse*, that of the rebuilding of the 3rd Temple be realized within this prophetic timeframe?
